

**Appendix to Region C RHSOC**  
**Governor's Homeland Security Advisory Council By-Laws and Articles for**  
**Missouri Regional Homeland Security Oversight Committees**  
(April 2013)

**I. Boundaries (Article 3)**

The following language is added to Region C.

The St. Louis UASI area divides Region C into two separate geographic units. Therefore, the region has been divided into two standing sub-RHSOCs; C-North and C-South.

Region C-North HSOC will include the counties of Lincoln, Pike and Warren counties.

Region C-South HSOC will include Perry, St. Francois, Ste. Genevieve and Washington counties.

The two sub-RHSOCs may meet independently to facilitate better local participation, but will coordinate all activities between them, and will come together on a regular basis, either as an executive committee consisting of the chairs and vice chairs of C-North and C-South, or as a committee of the whole, as the situation demands.

**II. Membership/Committees (Article 7)**

The word "Hospitals" is added to the list of code disciplines.

This appendix was approved by the Region C RHSOC at its July 10, 2013 meeting.
