

site of a potential hazardous material incident, but to a lesser extent due to a lighter volume of truck traffic.

Transportation Accidents

According to the Missouri State Highway Patrol crash report, Lincoln County experienced 52 fatal accidents during 2010 through 2015. During the same period there were 1,246 personal injury accidents. Some of these accidents may have contributed to hazardous material spills and road closures consisting of many hours. The figure below is intended to illustrate where the accidents are concentrated. Because of the large number of accidents over 5 years, it is difficult to get an accurate depiction of individual accidents. The blue dots represent personal injury accidents and the red dots signify accidents resulting in deaths.

Figure 3.32. Major Roads Prone to Accidents in Lincoln County

Source: <http://www.mshp.dps.mo.gov>

Previous Occurrences

The years 2006 through 2009 contained 3,124 accidents in Lincoln County, including fatal, personal injury, and property damage.

Probability of Future Occurrence

Given the already established high accident rate in Lincoln County, the increased volume of traffic, and the deteriorating highway system; the probability of future occurrence is high.

Vulnerability

Vulnerability Overview

The high accident rate in Lincoln County overburdens first responders charged with servicing unincorporated areas of the county and the Cities of Troy, Winfield, and Elsberry through which the high accident prone corridors run. In addition, the possibility of long term road closures due to accidents and hazardous materials spills provide additional stress to local emergency responders. Since 2011, US 61 north and south lanes were closed three times during 2015 due to high water, and MO 79 was closed three times in 2013 and nine times in 2015 due to high water.

Potential Losses to Existing Development

Losses to existing development are primarily due to the cost of jurisdictions responding to accidents within their boundaries.

Future Development

There is an effort underway to reduce the number of grade crossings to a section of US 61 in Lincoln County thereby reducing the potential for traffic accidents. In addition, Lincoln County participates in the Boonslick Region's Transportation Advisory Committee.

Problem Statement

Because Lincoln County is bisected by three major highways, accidents will continue to be an issue, one aggravated by highways designed to carry far fewer vehicles.

3.4.13 Terrorism

Hazard Profile

Hazard Description

Federal Bureau of Investigation (FBI) defines Terrorism as "the unlawful use of force or violence against persons or property to intimidate or coerce a government, the civilian population, or any segment thereof, in furtherance of political or social objectives." Terrorism causes loss of life, injuries to people and properties, and disruptions in services. According to the State Hazard Mitigation Plan, potential terrorist actions include the following; bombings, airline attacks, weapons of mass destruction (WMD) attacks, Category A agents/infectious release, infrastructure attacks, cyberterrorism, agro-terrorism, arson, kidnappings, and assassinations.

Domestic terrorism is another form of threat which comes from white supremacists, black separatists, animal rights/environmental terrorists, anarchists, antiabortion extremists, and self-

styled militia. According to FBI, international terrorism has been a major challenge for the United States. This threat can be categorized into three: loosely affiliated extremists operating under the radical jihad movement, formal terrorist organizations, and state sponsors of terrorism. The different types of foreign terrorist organizations are listed in the State Hazard Mitigation Plan 2013.

After the attacks on September 11, 2001, parts of 22 domestic agencies were consolidated into one department, the U.S. Department of Homeland Security (DHS), to protect the nation against future terrorist threats. Depending on the necessity communities may receive assistance from state and federal agencies operating within the existing Integrated Emergency Management System. FEMA is responsible for supporting state and local response to the consequences of terrorist attacks.

There have been some terrorist groups identified operating in Lincoln County. The county has potential targets for terrorist activities. These may include, but are not limited to:

- Federal, state, county and municipal government facilities and structures.
- HAZMAT Facilities.
- Medical facilities.
- Religious facilities.
- Businesses and manufacturing centers.
- Airports, railroads, highways and navigable rivers.
- Pipelines; power plants; public utilities; landmarks; and large public gatherings.
- Agriculture.

There are twenty eight Homeland Security Response Teams that operate throughout the State of Missouri. Lincoln County is under Region C. There are no terrorism incidents identified within the county.

Probability of Future Occurrence

Lincoln County has received few threats but has not suffered any past incidents of terrorism; therefore, the probability of future occurrence is considered low.

Vulnerability

Vulnerability Overview

Lincoln County may be home to a small number of potential domestic terrorists putting the county at a higher level of risk of domestic terrorism than other counties in Missouri.

Potential Losses to Existing Development

Depending on the type of terrorism employed, potential losses could be assumed to range from low to high. However, Lincoln County lacks the concentration of soft targets that could account for catastrophic losses of life and property.

Future Development

As the county grows it is possible that future development could put Lincoln County at greater risk.

Problem Statement

Although not a prime target for terrorism, Lincoln County (like the entire U.S.) must remain vigilant and prepared respond to an attack by terrorists from within or without.

3.4.14 Disruption of Transportation

Hazard Profile

Hazard Description

Per the State Hazard Mitigation Plan and for the purpose of this study, transportation is defined as the means, or system, that transfers large groups of individuals from one place to another. This hazard addresses only those accidents that involve passenger air or rail travel that results in accident death or injury. Two private transportation companies provide services for residents of Lincoln County; OATS, Incorporated and The LINC. OATS, founded in 1971, is one of the largest providers in the nation. It is a private, not-for profit organization serving 87 of Missouri's 114 counties. The LINC (operated by OATS) provides public transportation for all residents of Lincoln County regardless of age or income. The LINC transports Lincoln County residents to destinations outside Lincoln County for medical appointments.

Geographic Location

Three major highways cross the county; US 61 (North-South), Missouri Highway 47 (North-South), and Missouri Highway 79 (North-South) along the Missouri River. One active railroad also runs North-South (Burlington Northern & Santa Fe). Two hundred fifty-three Tier II facilities in Lincoln County manufacture, store and use hazardous substances. Six pipelines run through the county.

Previous Occurrences

The following table shows the fatality rates by Mode of Travel, 1990–2010 for highway vehicle occupants and transit passengers. There were about 148 fatal accidents in the State involving commercial vehicles.

Table 3.47. Transportation Fatalities by Mode: Select Years 1990-2010

Mode	1990	2000	2009	2010
Air (in aircraft and ground fatalities)				
Large U.S. air carrier	39	92	52	2
Commuter air carrier	6	5	0	0
On-demand air taxi	51	71	17	17
General aviation	770	596	478	450
Highway (in vehicle and non-occupants) ^a	44,599	41,945	33,883	32,885
Pipeline, gas and hazardous liquid	9	38	13	25
Railroad (on train and non-occupants) ^b	729	631	544	601
Transit ^c	235	208	224	215
Waterborne				
Vessel-related, commercial ship	85	53	49	41
Non-vessel related ^d , commercial ship	101	69	58	43
Recreational boating	865	701	736	672
^a Includes fatalities at railroad crossings. ^b Incidents and accidents; includes commuter rail; excludes public highway-rail grade crossings involving motor vehicles. ^c All reportable incident and accident fatalities. ^d For example, a person on board stumbles falls overboard and drowns.				
SOURCES: <i>Air:</i> National Transportation Safety Board. <i>Highway:</i> U.S. Department of Transportation, National Highway Traffic Safety Administration. <i>Rail:</i> Highway-rail grade crossings: U.S. Department of Transportation, Federal Railroad Administration. <i>Transit:</i> Highway-rail grade crossings: U.S. Department of Transportation, Federal Transit Administration. <i>Water:</i> Vessel- and nonvessel-related: U.S. Department of Homeland Security, U.S. Coast Guard. <i>Recreational boating:</i> U.S. Department of Homeland Security, U.S. Coast Guard. <i>Hazardous liquid and gas pipeline:</i> U.S. Department of Transportation, Pipeline and Hazardous Materials Safety Administration as cited in U.S. Department of Transportation, Research and Innovative Technology Administration, Bureau of Transportation Statistics, National Transportation Statistics, table 2-1, available at http://www.bts.gov/publications/national_transportation_statistics/ as of December 2011.				

Source: United States Department of Transportation

Probability of Future Occurrence

The probability of future occurrence is likely; however, the events typically do not last more than a few hours.

Vulnerability

Lincoln County is vulnerable to transportation related incidents due to it being bisected by major commercial transportation routes.

Potential Losses to Existing Development

Potential losses to the existing infrastructure is not likely to be severe.

Future Development

As the area increases in population the exposure to life and property will increase accordingly. A major multi-hub transportation port is being developed along the Mississippi River in Lincoln County. When operational in 10 years or so, the hub will bring increased traffic and additional risks to hazardous material releases.

Problem Statement

A major railroad, a major interstate highway, and a navigable river pass through or along the borders of Lincoln County. In addition, the county lies below the approach path to a major international airport. It is likely that emergency services personnel will continue to be required to respond to transportation related incidents.

3.4.15 Utility Interruptions and Power Failure

Hazard Profile

Hazard Description

This hazard may include electrical power, natural gas, public water supplies, and communications systems. Utility systems exist everywhere and are subject to damage from digging, fire, traffic accidents, and severe weather, including flooding, earthquake, and other day-to-day events.

Geographic Location

This hazard can occur anywhere in Lincoln County.

Previous Occurrences

On January 30, 2002, a severe ice storm struck portions of western and northern Missouri. This hazard was referred as the worst in Missouri's history which left devastated and darkened homes and businesses. Ice accumulations were over an inch and covered all the objects that were at or

below freezing. Further, the weight of the ice broke utility poles, conductors, tree limbs and other objects that could not withstand the weight of the ice. The ice storm of 2005 with 2-6 inches snow caused two deaths.

Utility failures could be localized. These failures impact generally on the very young or elderly, who are more prone to health risks that are associated with resultant loss of heating/cooling systems and with the loss of medical equipment that requires a power source.

The threat of earthquakes has been of greatest concern to the County which obstructs the operability of the existing utilities.

Probability of Future Occurrence

Since utilities exist throughout the County and are vulnerable to interruptions or failures, there is a high probability that this hazard may occur at any time or anyplace throughout the state. The probability of future occurrence is “highly likely”

Vulnerability

Vulnerability Overview

In many respects rural areas of the state such as Lincoln County, are more dependent on electrical power and other utilities than more urbanized areas. Loss of electrical power, along with possible loss of cellular towers, televisions and radios can isolate emergency responders and citizens, especially those who are infirm or injured and require assistance. Loss of power also means people who rely of powered equipment to sustain their lives are in immediate need of power restoration. Healthcare facilities are also vulnerable to the loss of electrical power. The Missouri Statewide Wireless Interoperable Network (MOSWIN) system of radios provides emergency communications during emergencies, including those resulting in loss of electrical power.

Potential Losses to Existing Development

Loss of power and/or utilities can adversely impact any populated area of the county without regard to density of population.

Future Development

Future development will only add to the exposure of the county.

Problem Statement

Lincoln County will continue to be vulnerable to loss of power and/or utilities such as telephone, cellular towers, and home and business healthcare equipment. Utilities continue to harden their infrastructure and businesses and residences should be encouraged to harden their assets as well.

4 MITIGATION STRATEGY

4	MITIGATION STRATEGY	1
4.1	<i>Goals</i>	1
4.2	<i>Identification and Analysis of Mitigation Actions</i>	2
4.3	<i>Implementation of Mitigation Actions</i>	4

44 CFR Requirement §201.6(c)(3): The plan shall include a mitigation strategy that provides the jurisdiction’s blueprint for reducing the potential losses identified in the risk assessment, based on existing authorities, policies, programs and resources, and its ability to expand on and improve these existing tools.

This section presents the mitigation strategy updated by the Lincoln County Mitigation Planning Committee (MPC) based on the updated risk assessment. The mitigation strategy was developed through a collaborative group process. The process included review of the general goal statements to guide the jurisdictions in lessening disaster impacts as well as specific mitigation actions to directly reduce vulnerability to hazards and losses. The following definitions are taken from FEMA’s Local Hazard Mitigation Review Guide (October 1, 2012).

- **Mitigation Goals** are general guidelines that explain what you want to achieve. Goals are long-term policy statements and global visions that support the mitigation strategy. The goals address the risk of hazards identified in the plan.
- **Mitigation Actions** are specific actions, projects, activities, or processes taken to reduce or eliminate long-term risk to people and property from hazards and their impacts. Implementing mitigation actions helps achieve the plan’s mission and goals.

4.1 Goals

44 CFR Requirement §201.6(c)(3)(i): [The hazard mitigation strategy shall include a] description of mitigation goals to reduce or avoid long-term vulnerabilities to the identified hazards.

This planning effort is an update to Lincoln County’s existing hazard mitigation plan approved by FEMA on February 8, 2012. Therefore, the goals from the previous plan were reviewed to see if they were still valid, feasible, practical, and applicable to the defined hazard impacts. These goals are listed below.

Goal 1: Protect the lives and livelihoods of all citizens.

Goal 2: Employ sustainable principles and practices to enhance mitigation effectiveness.

Goal 3: Ensure continued operation of government and emergency functions during a disaster.

The MPC conducted a discussion during their kick-off meeting to review and update their plan goals. To ensure that the goals developed for this update were comprehensive and supported state goals, the previously approved plan goals were reviewed. It was determined by the team

that the broadly stated purposes were still valid for the 2016 update. The goals and actions/projects proposed in the 2016 plan also were formed pursuant to these principals stated below.

- To respond to the issues highlighted in the hazard risk and vulnerability sections of this plan.
- To recognize the capabilities, limitations, and resources available to each jurisdiction to implement the polices of this plan.
- To evaluate the broad range of alternative mitigation measures available.
- To adapt polices that most effectively respond to the hazard issues facing each community.
- To implement priority polices according to a 5-year action plan.

4.2 Identification and Analysis of Mitigation Actions

44 CFR Requirement §201.6(c)(3)(ii): The mitigation strategy shall include a section that identifies and analyzes a comprehensive range of specific mitigation actions and projects being considered to reduce the effects of each hazard, with particular emphasis on new and existing buildings and infrastructure.

During the remainder of the kick-off meeting, the results of the risk assessment conducted by the Lincoln County EMD and Boonslick RPC staff were presented to the MPC for review and the key issues were identified for specific hazards and discussed. The discussion included possible new mitigation actions, as well as actions from the previously approved plan. Actions from the previous plan included completed actions, on-going actions, and actions upon which progress had not been made. Changes in the risk since the adoption of the previously plan were discussed as well. The MPC discussed SEMA’s identified funding priorities and the types of mitigation actions generally accepted by FEMA.

The MPC reviewed the actions from the previously approved plan for progress made since the plan had been adopted, using worksheets included in the appendix. During the meeting, the list of actions was reviewed to determine the Action Status.

All goals and actions from the 2012 plan were carried forward, and new actions were added. Based on the status updates, there were 11 Complete - Sustainment actions, 1 deleted actions, 21 Continuing actions, and 4 actions Not Started. In addition, 3 new actions were added which are included in the Not Started status. Complete – Sustainment actions are those actions that are complete but the team felt they should remain open to ensure continued monitoring.

The first table below lists the status of completed action plans and the second table lists new actions added to the plan update. Continuing Actions are not listed in a table but may be found with the complete set of Action Plan Worksheets. The Action Plan Worksheets are arranged by number.

Table 4.1 provides a summary of the action statuses for each jurisdiction:

Table 4.1. Action Status Summary

Completed Actions	Completion Details
1.2.6 – NFIP – Monitor development in special flood	County continues to ensure compliance with floodplain regulations and local municipalities continue to do the same.

Completed Actions	Completion Details
hazard areas to ensure compliance with local floodplain management ordinances.	Lack of Planning and Zoning makes it difficult to enact meaningful measures. Planning to upgrade low water crossings to bridges.
1.3.3 – Provide earthquake preparedness and safety literature every year in school districts.	School districts regularly participate in the statewide earthquake drills.
1.5.3 – Identify existing mechanisms to promote NFIP policies and earthquake/seismic insurance and flood insurance.	All county residents can have flood and seismic insurance.
1.6.1 – Encourage tornado safe rooms in new construction.	FEMA grants were used to provide tornado safe rooms in Troy High School, middle school, and the Truxton fire station. Mobile homes are a major concern as people have nowhere to go in the event of severe weather. Will continue to promote FEMA grants and tornado safe rooms. Will continue to encourage COOP templates.
1.7.3 – Provide shelter homes in case of emergency.	There are issues in unincorporated areas. Plan to consider making new mobile home parks build storm shelters for residents.
1.8.2 – Maintain an inventory of vulnerable infrastructure.	County and cities continue to inventory vulnerable structures. A complete inventory will be prioritized and incorporated into the Lincoln County EOP.
1.8.3 – Maintain an inventory of traffic accidents.	High risk areas were identified and presented to local jurisdictions and Regional Transportation Advisory Committee. Some of the presented risk areas were considered for remediation. Due to lack of funds most of the high risk areas will not be addressed. However, some were included in the TAC project list.
2.1.1 – Institute or strengthen regulations to reduce stormwater runoff.	County works with Missouri Extension, Missouri Department of Agriculture, USDA, and local farm bureaus to promote the best agricultural practices.
3.1.3 – Maintain an inventory of levees in the county.	Work with levee districts to support the levee emergency action plans. EMA encourages all levee districts to be involved in the Corps program (2 private, 1 public).
3.2.1 – Identify, review, and implement mechanisms to foster collaboration among jurisdictions, agencies, special districts, and private industry.	County emergency management agency meets regularly with local jurisdictions to promote collaboration. Increase collaboration and community with local businesses and key stakeholders.
3.2.2 – Improve planning, funding, and response coordination.	County works with local jurisdictions and local agencies to identify needs and potential funding sources through grants to improve coordination and communication.

The table below shows the three new actions that were added to address Public Health issues due to pandemics that occur independently, or in the aftermath of other hazards. These were

added at the request of MPC members from Public Health and EMA.

Table 4.2. New Actions Added

New Actions Added	Action Details
1.3.4 – Identify public health issues and identify ways to promote healthy life style changes	Not yet started. Estimated cost is \$5,000 per year for labor and supply cost.
1.3.5 – Identify causes of disease and promote measures to control spread of disease in case of emergency such as ; reduce vectors, increase awareness of foodborne illness hazards due to spoilage and contamination.	Not yet started. Estimated cost is \$5,000 per year for labor and supply cost.
1.7.4 – Identify community health disparities and their effects on post disaster population health, i.e., access to care, messaging, translation services, and mental/behavioral health services.	Not yet started. Estimated cost is \$5,000 per year for labor and supply cost.

4.3 Implementation of Mitigation Actions

44 CFR Requirement §201.6(c)(3)(ii): The mitigation strategy shall include an action strategy describing how the actions identified in paragraph (c)(2)(ii) will be prioritized, implemented, and administered by the local jurisdiction. Prioritization shall include a special emphasis on the extent to which benefits are maximized according to a cost benefits review of the proposed projects and their associated costs.

During review and update of the STAPLEE by the Lincoln County EMD and Boonslick staff, emphasis was placed on the importance of a benefit-cost analysis in determining project priority. The Disaster Mitigation Act requires benefit-cost review as the primary method by which mitigation projects should be prioritized. The MPC decided to pursue implementation according to when and where damage occurs, available funding, political will, jurisdictional priority, and priorities identified in the Missouri State Hazard Mitigation Plan. The benefit/cost review at the planning stage primarily consisted of a qualitative analysis, and was not the detailed process required grant funding application. For each action, the plan sets forth a narrative describing the types of benefits that could be realized from action implementation. The cost was estimated as closely as possible, with further refinement to be supplied as project development occurs.

FEMA’s STAPLEE methodology was used to assess the costs and benefits, overall feasibility of mitigation actions, and other issues impacting project. During the prioritization process, the MPC used worksheets to assign scores. The worksheets posed questions based on the STAPLEE

elements as well as the potential mitigation effectiveness of each action. Scores were based on the responses to the questions as follows:

Definitely yes = 3 points

Maybe yes = 2 points

Probably no = 1

Definitely no = 0

The following questions were asked for each proposed action.

S: Is the action socially acceptable?

T: Is the action technically feasible and potentially successful?

A: Does the jurisdiction have the administrative capability to successfully implement this action?

P: Is the action politically acceptable?

L: Does the jurisdiction have the legal authority to implement the action?

E: Is the action economically beneficial?

E: Will the project have an environmental impact that is either beneficial or neutral? (score "3" if positive and "2" if neutral)

Will the implemented action result in lives saved? Will the implanted action result in a reduction of disaster damage?

The final STAPLEE score for each action are listed in the Action/Project Priority field on each of the Action Plan Worksheets below. The STAPLEE worksheets are attached to this plan in the appendix. Low priority action items were those that had a total score of between 0 and 24. Moderate priority actions were those scoring between 25 and 29. High priority actions scored 30 or above. A specimen STAPLEE worksheet is shown in Figure 4.1

Figure 4.1. Blank STAPLEE Worksheet

Figure 4.2. Action Plan Worksheets

Goal 1	Protect the lives and livelihoods of all citizens
Action 1.1.1	Encourage people to equip their homes, schools, businesses and public spaces with NOAA weather radios, included tornado sirens in places of outside congregation
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input checked="" type="checkbox"/> Chain Of Rocks <input checked="" type="checkbox"/> Fountain N Lakes <input checked="" type="checkbox"/> Elsberry <input checked="" type="checkbox"/> Foley <input checked="" type="checkbox"/> Hawk Point <input checked="" type="checkbox"/> Moscow Mills <input checked="" type="checkbox"/> Old Monroe <input checked="" type="checkbox"/> Sillex <input checked="" type="checkbox"/> Troy <input checked="" type="checkbox"/> Whiteside <input checked="" type="checkbox"/> Winfield <input checked="" type="checkbox"/> Truxton <input checked="" type="checkbox"/> Elsberry R-II School <input checked="" type="checkbox"/> Sillex R-I School <input checked="" type="checkbox"/> Troy R III School <input checked="" type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	Lack of early warning systems
Hazard(s) Addressed	All hazards
Action or Project	
Action/Project Number	1.1.1
Action or Project Description	Survey residents of unincorporated areas and unserved cities to determine need for early warning system
Applicable Goal Statement	Survey residents of unincorporated areas and unserved cities to determine need for early warning system
Estimated Cost	Lincoln County: Nixle automated alert system is \$9,000 per year. One-time cost of tornato sirens ranges between \$1/2M and \$1M. Zero cost for all other jurisdictions.
Benefits	Advance notice will reduce injuries and casualties
Plan for Implementation	
Responsible Organization/ Department	Lincoln County Emergency Management Director
Action/Project Priority	Low
Timeline for Completion	Continuing
Potential Funding Sources	Local funds, Government programs
Local Planning Mechanisms to be used in Implementation, if any	Lincoln County Emergency Operations Plan
Progress Report	
Action Status	Continuing
Report of Progress	Nixle serves as a county-wide alert system that alerts unincorporated Lincoln County to weather events. Also utilize NOAA weather radios for early alerting of severe weather.

Goal 1	Protect the lives and livelihoods of all citizens
Action 1.2.1	Encourage property owners and occupants in hazard areas to participate in mitigation policy formulation
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input checked="" type="checkbox"/> Chain Of Rocks <input checked="" type="checkbox"/> Fountain N Lakes <input checked="" type="checkbox"/> Elsberry <input checked="" type="checkbox"/> Foley <input checked="" type="checkbox"/> Hawk Point <input checked="" type="checkbox"/> Moscow Mills <input checked="" type="checkbox"/> Old Monroe <input checked="" type="checkbox"/> Sile <input checked="" type="checkbox"/> Troy <input checked="" type="checkbox"/> Whiteside <input checked="" type="checkbox"/> Winfield <input checked="" type="checkbox"/> Truxton <input checked="" type="checkbox"/> Elsberry R-II School <input checked="" type="checkbox"/> Silex R-I School <input checked="" type="checkbox"/> Troy R III School <input checked="" type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	Lack of public input related to floodplain management
Hazard(s) Addressed	Floods and Flash floods
Action or Project	
Action/Project Number	1.2.1
Action or Project Description	Work with county and city floodplain managers to identify properties that lie in a hazard area.
Applicable Goal Statement	Protect the lives and livelihoods of all citizens
Estimated Cost	County: \$2,500 for mapping. Zero cost for all other jurisdictions
Benefits	Speeds up recovery claims for those affected by flooding.
Plan for Implementation	
Responsible Organization/ Department	Lincoln County Emergency Management Director
Action/Project Priority	High
Timeline for Completion	Continuing
Potential Funding Sources	Local funds and Government programs
Local Planning Mechanisms to be used in Implementation, if any	Lincoln County Emergency Operations Plan, Lincoln County floodplain manager, Emergency Management Agency public outreach, FEMA, SEMA
Progress Report	
Action Status	Continuing
Report of Progress	Lincoln County participates in NFIP. EMD works with floodplain (county & city) and FEMA to identify properties that lie in a hazard area.

Goal 1	Protect the lives and livelihoods of all citizens
Action 1.2.2	Target any remaining repetitive flood loss properties for buyout or relocation
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input type="checkbox"/> Chain Of Rocks <input type="checkbox"/> Fountain N Lakes <input checked="" type="checkbox"/> Elsberry <input checked="" type="checkbox"/> Foley <input type="checkbox"/> Hawk Point <input checked="" type="checkbox"/> Moscow Mills <input checked="" type="checkbox"/> Old Monroe <input checked="" type="checkbox"/> Silex <input checked="" type="checkbox"/> Troy <input type="checkbox"/> Whiteside <input checked="" type="checkbox"/> Winfield <input type="checkbox"/> Truxton <input type="checkbox"/> Elsberry R-II School <input type="checkbox"/> Silex R-I School <input type="checkbox"/> Troy R III School <input type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	Flood loss of commercial and residential properties
Hazard(s) Addressed	Floods and Flash floods
Action or Project	
Action/Project Number	1.2.2
Action or Project Description	To work with residents in the floodplain areas estimated 100 homes in county limits
Applicable Goal Statement	Protect the lives and livelihoods of all citizens
Estimated Cost	Potential Cost to County: \$1.3 million. Zero to all others
Benefits	Reduce injuries, loss of life, and property damage
Plan for Implementation	
Responsible Organization/ Department	Lincoln County Emergency Management Director, Lincoln County Floodplain Manager, Floodplain managers for Elsberry, Foley, Moscow Mills, Silex, Troy, Winfield, and Old Monroe,
Action/Project Priority	High
Timeline for Completion	Continuing
Potential Funding Sources	Local funds, Government programs & private funding
Local Planning Mechanisms to be used in Implementation, if any	Lincoln County Hazard Mitigation Plan
Progress Report	
Action Status	Continuing
Report of Progress	After the 1993 and 2008 floods vast majority of residential structures were brought out by FEMA. The action plan remains continuing in relation to future hazards and properties still lying in the floodplain within the County and cities.

Goal 1	Protect the lives and livelihoods of all citizens
Action 1.2.3	Promote environmentally-sound watershed and storm water practices to decrease flash flooding
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input checked="" type="checkbox"/> Chain Of Rocks <input checked="" type="checkbox"/> Fountain N Lakes <input checked="" type="checkbox"/> Elsberry <input checked="" type="checkbox"/> Foley <input checked="" type="checkbox"/> Hawk Point <input checked="" type="checkbox"/> Moscow Mills <input checked="" type="checkbox"/> Old Monroe <input checked="" type="checkbox"/> Sillex <input checked="" type="checkbox"/> Troy <input checked="" type="checkbox"/> Whiteside <input checked="" type="checkbox"/> Winfield <input checked="" type="checkbox"/> Truxton <input type="checkbox"/> Elsberry R-II School <input type="checkbox"/> Sillex R-I School <input type="checkbox"/> Troy R III School <input type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	Community growth alters the watershed
Hazard(s) Addressed	Floods, Levee failure
Action or Project	
Action/Project Number	1.2.3
Action or Project Description	To develop an environmentally sound watershed plan. To remove low water crossings to bridges.
Applicable Goal Statement	Protect the lives and livelihoods of all citizens
Estimated Cost	Potentially up to \$35M for the County. Little or no cost to other jurisdictions.
Benefits	Reduce drownings due to low water crossings and property loss
Plan for Implementation	
Responsible Organization/ Department	Lincoln County Emergency Management Director, Lincoln County Floodplain Manager, All Cities named above, MoDOT
Action/Project Priority	Medium
Timeline for Completion	Continuing
Potential Funding Sources	Local funds, Government programs & private funding
Local Planning Mechanisms to be used in Implementation, if any	Improve low water crossings
Progress Report	
Action Status	Continuing
Report of Progress	City of Troy is updating their sewer plant and storm water management system. City of Winfield has added a storm water management system. Planning to remove low water crossings to bridges which would restrict access to roads with high percentage of water rescues.

Goal 1	Protect the lives and livelihoods of all citizens
Action 1.2.4	Review and revise flood-fighting plans as needed
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input type="checkbox"/> Chain Of Rocks <input type="checkbox"/> Fountain N Lakes <input checked="" type="checkbox"/> Elsberry <input checked="" type="checkbox"/> Foley <input type="checkbox"/> Hawk Point <input checked="" type="checkbox"/> Moscow Mills <input checked="" type="checkbox"/> Old Monroe <input checked="" type="checkbox"/> Silex <input checked="" type="checkbox"/> Troy <input type="checkbox"/> Whiteside <input checked="" type="checkbox"/> Winfield <input type="checkbox"/> Truxton <input type="checkbox"/> Elsberry R-II School <input type="checkbox"/> Silex R-I School <input type="checkbox"/> Troy R III School <input type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	Lack of levee all district emergency operations plan, one public and two private with no plans
Hazard(s) Addressed	Floods, Levee failure
Action or Project	
Action/Project Number	1.2.4
Action or Project Description	Develop and implement emergency action plans. No oversight on public or private levees.
Applicable Goal Statement	Protect the lives and livelihoods of all citizens
Estimated Cost	Limited cost to county, estimated \$5K labor for all Levee Districts; Brevator, Winfield, Foley, Sandy Creek, King's Lake, Schram, Old Monroe (public and private), Pin Oak, Cap Au Gris, and Elsberry.
Benefits	Reduce loss of life, personal injuries and property damage
Plan for Implementation	
Responsible Organization/ Department	Lincoln County Emergency Management Director, Lincoln County Floodplain Manager, city Flood Plain Managers and Levee districts listed above.
Action/Project Priority	Medium
Timeline for Completion	Continuing
Potential Funding Sources	Local funds, Government programs & private funding
Local Planning Mechanisms to be used in Implementation, if any	Incorporate Levee District Plan into the Lincoln County Emergency Operations Plan, Incorporate flood plans
Progress Report	
Action Status	Continuing
Report of Progress	County is planning to update the emergency plan and Corp levees are repaired as needed. No oversight on public or private levees.

Goal 1	Protect the lives and livelihoods of all citizens
Action 1.2.5	Strengthen floodplain regulations as needed
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input checked="" type="checkbox"/> Chain Of Rocks <input type="checkbox"/> Fountain N Lakes <input checked="" type="checkbox"/> Elsberry <input checked="" type="checkbox"/> Foley <input checked="" type="checkbox"/> Hawk Point <input checked="" type="checkbox"/> Moscow Mills <input checked="" type="checkbox"/> Old Monroe <input checked="" type="checkbox"/> Troy <input type="checkbox"/> Whiteside <input checked="" type="checkbox"/> Winfield <input type="checkbox"/> Truxton <input checked="" type="checkbox"/> Silex <input type="checkbox"/> Elsberry R-II School <input type="checkbox"/> Silex R-I School <input type="checkbox"/> Troy R III School <input type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	Floodplain regulations do not meet local, state, federal regulations
Hazard(s) Addressed	Floods
Action or Project	
Action/Project Number	1.2.5
Action or Project Description	Review and revise floodplain regulations to meet the state and federal regulation standards and enforce ordinances.
Applicable Goal Statement	Protect the lives and livelihoods of all citizens
Estimated Cost	County; \$5,000 labor. Zero cost for other jurisdictions.
Benefits	Protection of agricultural land, property and cash crops
Plan for Implementation	
Responsible Organization/ Department	Lincoln County Emergency Management Director, Lincoln County Floodplain Manager, Floodplain Managers for above cities.
Action/Project Priority	Medium
Timeline for Completion	Continuing
Potential Funding Sources	Local funds, Government programs
Local Planning Mechanisms to be used in Implementation, if any	Floodplain ordinance, NFIP, FEMA guidelines
Progress Report	
Action Status	Continuing
Report of Progress	County and cities participates in NFIP. County is working on getting the CRS status. Need to enforce ordinances in city and county.

Goal 1	Protect the lives and livelihoods of all citizens
Action 1.2.6	NFIP- Monitor development in special flood hazard areas to ensure compliance with local floodplain management ordinance
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input type="checkbox"/> Chain Of Rocks <input type="checkbox"/> Fountain N Lakes <input checked="" type="checkbox"/> Elsberry <input checked="" type="checkbox"/> Foley <input checked="" type="checkbox"/> Hawk Point <input checked="" type="checkbox"/> Moscow Mills <input checked="" type="checkbox"/> Old Monroe <input checked="" type="checkbox"/> Silex <input checked="" type="checkbox"/> Troy <input type="checkbox"/> Whiteside <input checked="" type="checkbox"/> Winfield <input type="checkbox"/> Truxton <input type="checkbox"/> Elsberry R-II School <input type="checkbox"/> Silex R-I School <input type="checkbox"/> Troy R III School <input type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	Roads are inundated with water during heavy rains
Hazard(s) Addressed	Floods, Flash floods
Action or Project	
Action/Project Number	1.2.6
Action or Project Description	Locate and prioritize roads inundated and improve them as necessary. To remove low water crossings to bridges.
Applicable Goal Statement	Protect the lives and livelihoods of all citizens
Estimated Cost	County; \$5,000 labor. Zero cost for all other jurisdictions.
Benefits	Reduce loss of life, personal injuries, and property damage
Plan for Implementation	
Responsible Organization/ Department	Lincoln County Emergency Management Director, Lincoln County Floodplain Manager, Boards of Alderman of Elsberry, Foley, Hawk Point, Moscow Mills, Old Monroe, Silex, Winfield, Troy
Action/Project Priority	High
Timeline for Completion	Complete
Potential Funding Sources	Local funds, Government programs
Local Planning Mechanisms to be used in Implementation, if any	Lincoln County Emergency Operations Plan
Progress Report	
Action Status	Complete/Sustainment
Report of Progress	County continues to ensure compliance with floodplain regulations and local municipalities continue to do the same. Lack of Planning & Zoning makes it difficult to enact meaningful measures. Planning to upgrade low water crossings to bridges

Goal 1	Protect the lives and livelihoods of all citizens
Action 1.3.1	Develop hazard area maps and promote use by the public
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input checked="" type="checkbox"/> Chain Of Rocks <input checked="" type="checkbox"/> Fountain N Lakes <input checked="" type="checkbox"/> Elsberry <input checked="" type="checkbox"/> Foley <input checked="" type="checkbox"/> Hawk Point <input checked="" type="checkbox"/> Moscow Mills <input checked="" type="checkbox"/> Old Monroe <input checked="" type="checkbox"/> Silex <input checked="" type="checkbox"/> Troy <input checked="" type="checkbox"/> Whiteside <input checked="" type="checkbox"/> Winfield <input checked="" type="checkbox"/> Truxton <input checked="" type="checkbox"/> Elsberry R-II School <input checked="" type="checkbox"/> Silex R-I School <input checked="" type="checkbox"/> Troy R III School <input checked="" type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	The public is not aware of all hazard areas
Hazard(s) Addressed	All hazards
Action or Project	
Action/Project Number	1.3.1
Action or Project Description	Increase the awareness
Applicable Goal Statement	Protect the lives and livelihoods of all citizens
Estimated Cost	County; \$5,000 labor and printing costs. Zero cost for all other jurisdictions.
Benefits	Reduce loss of life, personal injuries, and property damage
Plan for Implementation	
Responsible Organization/ Department	Lincoln County EMD, Lincoln County Floodplain Manager, all School District Administrators, Boards of Alderman of all participating jurisdictions.
Action/Project Priority	Medium
Timeline for Completion	Continuing
Potential Funding Sources	Local funds, Government programs
Local Planning Mechanisms to be used in Implementation, if any	Warning coverage maps, Hazard mitigation plan, Lincoln County Emergency Operations Plan
Progress Report	
Action Status	Continuing
Report of Progress	County EMA has hazard area maps and continues to distribute information as appropriate. Some Tier II facilities are in floodplain. EMA continues to distribute information.

Goal 1	Protect the lives and livelihoods of all citizens
Action 1.3.2	Identify ways to promote FEMA safety tips and mitigation techniques
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input checked="" type="checkbox"/> Chain Of Rocks <input checked="" type="checkbox"/> Fountain N Lakes <input checked="" type="checkbox"/> Elsberry <input checked="" type="checkbox"/> Foley <input checked="" type="checkbox"/> Hawk Point <input checked="" type="checkbox"/> Moscow Mills <input checked="" type="checkbox"/> Old Monroe <input checked="" type="checkbox"/> Troy <input checked="" type="checkbox"/> Whiteside <input checked="" type="checkbox"/> Winfield <input checked="" type="checkbox"/> Truxton <input checked="" type="checkbox"/> Silex <input checked="" type="checkbox"/> Elsberry R-II School <input checked="" type="checkbox"/> Silex R-I School <input checked="" type="checkbox"/> Troy R III School <input checked="" type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	Lack of public awareness of public safety
Hazard(s) Addressed	All hazards
Action or Project	
Action/Project Number	1.3.2
Action or Project Description	Implement public education program that addressess hazard safety planning.
Applicable Goal Statement	Protect the lives and livelihoods of all citizens
Estimated Cost	County; \$5,000 labor. Zero cost for all other jurisdictions.
Benefits	Mitigates loss of life, personal injury, and property damage
Plan for Implementation	
Responsible Organization/ Department	Lincoln County EMD, Lincoln County Floodplain Manager, all School District Administrators, Boards of Alderman of all participating jurisdictions.
Action/Project Priority	Low
Timeline for Completion	Continuing
Potential Funding Sources	Local funds, Government programs & private funding
Local Planning Mechanisms to be used in Implementation, if any	Cognizant training plans, Coop Plans
Progress Report	
Action Status	Continuing
Report of Progress	Continue to publicize mitigation and safety techniques using EMA website, Nixle and Facebook. County is looking into flash flood sensors that could be placed upstream in strategic locations to provide advance warning. Coop templates encourage in business, emergency plans in residential.

Goal 1	Protect the lives and livelihoods of all citizens
Action 1.3.3	To provide earthquake preparedness and safety literature every year in the school districts
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input type="checkbox"/> Chain Of Rocks <input type="checkbox"/> Fountain N Lakes <input checked="" type="checkbox"/> Elsberry <input type="checkbox"/> Foley <input type="checkbox"/> Hawk Point <input type="checkbox"/> Moscow Mills <input type="checkbox"/> Old Monroe <input type="checkbox"/> Sillex <input type="checkbox"/> Troy <input type="checkbox"/> Whiteside <input type="checkbox"/> Winfield <input type="checkbox"/> Truxton <input checked="" type="checkbox"/> Elsberry R-II School <input checked="" type="checkbox"/> Sillex R-I School <input checked="" type="checkbox"/> Troy R III School <input checked="" type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	Lack of earthquake preparedness
Hazard(s) Addressed	Earthquakes
Action or Project	
Action/Project Number	1.3.3
Action or Project Description	Provide earthquake preparedness and safety literature for school districts
Applicable Goal Statement	Protect the lives and livelihoods of all citizens
Estimated Cost	Little or no cost to county and participating jurisdictions.
Benefits	Reduce loss of life, personal injury, and property damage
Plan for Implementation	
Responsible Organization/ Department	Lincoln County EMD, Lincoln County Floodplain Manager, all School District Administrators.
Action/Project Priority	High
Timeline for Completion	Continuing
Potential Funding Sources	Local funds, Government programs, Homeland Security CERT funding
Local Planning Mechanisms to be used in Implementation, if any	Emergency management training mechanisms, Lincoln County Emergency Operations Plan
Progress Report	
Action Status	Complete/Sustainment
Report of Progress	School districts regularly participate in the statewide earthquake drills.

Goal 1	Protect the lives and livelihoods of all citizens
Action 1.3.4	Identify public health issues and identify ways to promote healthy lifestyle changes
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input checked="" type="checkbox"/> Chain Of Rocks <input checked="" type="checkbox"/> Fountain N Lakes <input checked="" type="checkbox"/> Elsberry <input checked="" type="checkbox"/> Foley <input checked="" type="checkbox"/> Hawk Point <input checked="" type="checkbox"/> Moscow Mills <input checked="" type="checkbox"/> Old Monroe <input checked="" type="checkbox"/> Silex <input checked="" type="checkbox"/> Troy <input checked="" type="checkbox"/> Whiteside <input checked="" type="checkbox"/> Winfield <input checked="" type="checkbox"/> Truxton <input checked="" type="checkbox"/> Elsberry R-II School <input checked="" type="checkbox"/> Silex R-I School <input checked="" type="checkbox"/> Troy R III School <input checked="" type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	Pandemics, terrorist activities
Hazard(s) Addressed	Disease
Action or Project	
Action/Project Number	1.3.5
Action or Project Description	Identify public health issues and identify ways to promote healthy lifestyle changes
Applicable Goal Statement	Protect the lives and livelihoods of all citizens
Estimated Cost	County Health Department; \$5,000/year for labor and materials
Benefits	Disease control
Plan for Implementation	
Responsible Organization/ Department	Lincoln County Health Department
Action/Project Priority	Medium
Timeline for Completion	New
Potential Funding Sources	Local funds, Government programs
Local Planning Mechanisms to be used in Implementation, if any	Lincoln County Health Department emergency plans
Progress Report	
Action Status	Not Started
Report of Progress	New Action as of this plan update

Goal 1	Protect the lives and livelihoods of all citizens
Action 1.3.5	Identify causes of disease and promote measures to control spread of disease in case of emergency such as: reduce vectors, increase awareness of foodborne illness hazards due to spoilage and contamination
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input type="checkbox"/> Chain Of Rocks <input type="checkbox"/> Fountain N Lakes <input type="checkbox"/> Elsberry <input type="checkbox"/> Foley <input type="checkbox"/> Hawk Point <input type="checkbox"/> Moscow Mills <input type="checkbox"/> Old Monroe <input type="checkbox"/> Silex <input type="checkbox"/> Troy <input type="checkbox"/> Whiteside <input type="checkbox"/> Winfield <input type="checkbox"/> Truxton <input type="checkbox"/> Elsberry R-II School <input type="checkbox"/> Silex R-I School <input type="checkbox"/> Troy R III School <input type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	Pandemics, Terrorist activities
Hazard(s) Addressed	Disease
Action or Project	
Action/Project Number	1.3.5
Action or Project Description	Identify causes of disease and promote measures to control spread of disease in case of emergency such as: reduce vectors, increase awareness of foodborne illness hazards due to spoilage and contamination
Applicable Goal Statement	Protect the lives and livelihoods of all citizens
Estimated Cost	County; \$5,000/year for labor and materials
Benefits	Disease control
Plan for Implementation	
Responsible Organization/ Department	Lincoln County Health Department
Action/Project Priority	Medium
Timeline for Completion	New
Potential Funding Sources	Local funds, Government programs & private funding
Local Planning Mechanisms to be used in Implementation, if any	Lincoln County Health Department emergency plans
Progress Report	
Action Status	New
Report of Progress	New Action as of this plan update

Goal 1	Protect the lives and livelihoods of all citizens
Action 1.4.1	Review and upgrade policies to identify and budget additional emergency equipment for health and medical services, mass care agencies, and public information
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input checked="" type="checkbox"/> Chain Of Rocks <input checked="" type="checkbox"/> Fountain N Lakes <input checked="" type="checkbox"/> Elsberry <input checked="" type="checkbox"/> Foley <input checked="" type="checkbox"/> Hawk Point <input checked="" type="checkbox"/> Moscow Mills <input checked="" type="checkbox"/> Old Monroe <input checked="" type="checkbox"/> Silex <input checked="" type="checkbox"/> Troy <input checked="" type="checkbox"/> Whiteside <input checked="" type="checkbox"/> Winfield <input checked="" type="checkbox"/> Truxton <input type="checkbox"/> Elsberry R-II School <input type="checkbox"/> Silex R-I School <input type="checkbox"/> Troy R III School <input type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	Some emergency equipment is no longer adequate
Hazard(s) Addressed	All hazards
Action or Project	
Action/Project Number	1.4.1
Action or Project Description	To identify weaknesses and gaps in equipment by doing tabletop exercises and full scale planning exercises
Applicable Goal Statement	Protect the lives and livelihoods of all citizens
Estimated Cost	Up to \$5M. About \$2.5M for Lincoln County with the remaining split proportionately between all municipal jurisdictions listed above.
Benefits	Increases readiness of equipment to respond
Plan for Implementation	
Responsible Organization/ Department	Lincoln County Emergency Management Director and all municipal jurisdictions listed above.
Action/Project Priority	High
Timeline for Completion	Continuing
Potential Funding Sources	Federal Homeland Security funding, Government funds, Assistance to firefighter grants, Local emergency planning committee
Local Planning Mechanisms to be used in Implementation, if any	Lincoln County Emergency Operations Plan, hazard mitigation grant-redundant & backup plans for all first responder agencies & public works.
Progress Report	
Action Status	Continuing
Report of Progress	Need to complete mass care planning, find ways to provide emergency generators for nursing homes, fuel trailers, and mass transport vehicles.

Goal 1	Protect the lives and livelihoods of all citizens
Action 1.5.1	Decrease wildfire risk areas where development is adjacent to forests or grasslands by incorporating buffer zones into subdivision regulations
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input type="checkbox"/> Chain Of Rocks <input type="checkbox"/> Fountain N Lakes <input checked="" type="checkbox"/> Elsberry <input type="checkbox"/> Foley <input checked="" type="checkbox"/> Hawk Point <input checked="" type="checkbox"/> Moscow Mills <input checked="" type="checkbox"/> Old Monroe <input checked="" type="checkbox"/> Silex <input checked="" type="checkbox"/> Troy <input type="checkbox"/> Whiteside <input checked="" type="checkbox"/> Winfield <input type="checkbox"/> Truxton <input type="checkbox"/> Elsberry R-II School <input type="checkbox"/> Silex R-1 School <input type="checkbox"/> Troy R III School <input type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	Some areas have the risk of wildfire
Hazard(s) Addressed	Wildfires
Action or Project	
Action/Project Number	1.5.1
Action or Project Description	Educate public to dangers of wildfire and promote buffer zones between grassland and developments
Applicable Goal Statement	Protect the lives and livelihoods of all citizens
Estimated Cost	Lincoln County; \$1500/year to maintain the website. Nominal expense for Lincoln County Fire Protection District.
Benefits	Reduces risk of property loss, injuries, and death due to wild fires.
Plan for Implementation	
Responsible Organization/ Department	Lincoln County Planning and Zoning, Fire Chiefs
Action/Project Priority	Low
Timeline for Completion	Continuing
Potential Funding Sources	Local funds, Government programs
Local Planning Mechanisms to be used in Implementation, if any	Subdivision regulations, fire regulations
Progress Report	
Action Status	Continuing
Report of Progress	Alerts are made using Nixle. Lincoln County fire protection district exerts some influence over incorporated areas. To properly maintain code to regulate wildland interface.

Goal 1	Protect the lives and livelihoods of all citizens
Action 1.5.2	Promote environmentally-sound, fire-resistant materials for homes
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input checked="" type="checkbox"/> Chain Of Rocks <input checked="" type="checkbox"/> Fountain N Lakes <input checked="" type="checkbox"/> Elsberry <input checked="" type="checkbox"/> Foley <input checked="" type="checkbox"/> Hawk Point <input checked="" type="checkbox"/> Moscow Mills <input checked="" type="checkbox"/> Old Monroe <input checked="" type="checkbox"/> Troy <input checked="" type="checkbox"/> Whiteside <input checked="" type="checkbox"/> Winfield <input checked="" type="checkbox"/> Truxton <input checked="" type="checkbox"/> Sillex <input type="checkbox"/> Elsberry R-II School <input type="checkbox"/> Sillex R-I School <input type="checkbox"/> Troy R III School <input type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	Current construction materials prone to catch fires
Hazard(s) Addressed	All hazards
Action or Project	
Action/Project Number	1.5.2
Action or Project Description	Adopt building codes that adopt fire safety techniques, encourage developers to promote sound safety practices
Applicable Goal Statement	Protect the lives and livelihoods of all citizens
Estimated Cost	County; \$5,000/year for labor and material. Zero costs for all other jurisdictions.
Benefits	Increased awareness among city governing bodies
Plan for Implementation	
Responsible Organization/ Department	Lincoln County Emergency Management Director, Boards of Aldermen of all municipal jurisdictions listed above, Lincoln County Fire Protection District.
Action/Project Priority	Low
Timeline for Completion	5 years
Potential Funding Sources	Local funds, Government programs
Local Planning Mechanisms to be used in Implementation, if any	Fire regulations
Progress Report	
Action Status	Continuing
Report of Progress	There is no Planning and Zoning currently. Continue to promote through public information and economic development agency & fire districts.

Goal 1	Protect the lives and livelihoods of all citizens
Action 1.5.3	Identify existing mechanisms to promote NFIP policies and earthquake/seismic insurance and flood insurance.
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input checked="" type="checkbox"/> Chain Of Rocks <input checked="" type="checkbox"/> Fountain N Lakes <input checked="" type="checkbox"/> Elsberry <input checked="" type="checkbox"/> Foley <input checked="" type="checkbox"/> Hawk Point <input checked="" type="checkbox"/> Moscow Mills <input checked="" type="checkbox"/> Old Monroe <input checked="" type="checkbox"/> Silex <input checked="" type="checkbox"/> Troy <input checked="" type="checkbox"/> Whiteside <input checked="" type="checkbox"/> Winfield <input checked="" type="checkbox"/> Truxton <input type="checkbox"/> Elsberry R-II School <input type="checkbox"/> Silex R-I School <input type="checkbox"/> Troy R III School <input type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	Insurance rates are high for people living in floodplain and seismic zones
Hazard(s) Addressed	Earthquake, Floods
Action or Project	
Action/Project Number	1.5.3
Action or Project Description	Identify properties that lie in floodplain and seismic zones and develop community education program for public lending institutions, real estate agencies and insurance agents
Applicable Goal Statement	Protect the lives and livelihoods of all citizens
Estimated Cost	Little or no cost to jurisdictions.
Benefits	Increases public awareness of NFIP insurance & seismic insurance
Plan for Implementation	
Responsible Organization/ Department	Lincoln County EMD
Action/Project Priority	Low
Timeline for Completion	Continuing
Potential Funding Sources	Local funds, Government programs
Local Planning Mechanisms to be used in Implementation, if any	Public awareness events, Nixle
Progress Report	
Action Status	Complete/Sustainment
Report of Progress	All residents can have flood & seismic insurance.

Goal 1	Protect the lives and livelihoods of all citizens
Action 1.5.4	Utilize FEMA information to encourage residential owners to invest in retrofit techniques
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input checked="" type="checkbox"/> Chain Of Rocks <input checked="" type="checkbox"/> Fountain N Lakes <input checked="" type="checkbox"/> Elsberry <input checked="" type="checkbox"/> Foley <input checked="" type="checkbox"/> Hawk Point <input checked="" type="checkbox"/> Moscow Mills <input checked="" type="checkbox"/> Old Monroe <input checked="" type="checkbox"/> Silex <input checked="" type="checkbox"/> Troy <input checked="" type="checkbox"/> Whiteside <input checked="" type="checkbox"/> Winfield <input checked="" type="checkbox"/> Truxton <input type="checkbox"/> Elsberry R-II School <input type="checkbox"/> Silex R-I School <input type="checkbox"/> Troy R III School <input type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	Residential structures are not adequate to sustain natural hazards
Hazard(s) Addressed	All hazards
Action or Project	
Action/Project Number	1.5.4
Action or Project Description	Identify properties that lie in floodplain and develop community education program for public lending institutions, real estate agencies and insurance agents to generate fund/grant for homeowners to retrofit properties. Promote retrofit in all homes/businesses for all natural hazards
Applicable Goal Statement	Protect the lives and livelihoods of all citizens
Estimated Cost	Zero additional cost for all jurisdictions.
Benefits	Increase resiliency of residential structures
Responsible Organization/ Department	County Commissioners
Action/Project Priority	Low
Timeline for Completion	NA
Potential Funding Sources	Local funds, Government programs
Local Planning Mechanisms to be used in Implementation, if any	Public awareness events, Nixle
Progress Report	
Action Status	Continuing in cities with planning & zoning
Report of Progress	There is no planning & zoning in the county. Until such time the county incorporates planning & zoning, this action plan will remain as "no action" status

Goal 1	Protect the lives and livelihoods of all citizens
Action 1.6.1	Encourage tornado safe rooms in new construction.
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input checked="" type="checkbox"/> Chain Of Rocks <input checked="" type="checkbox"/> Fountain N Lakes <input checked="" type="checkbox"/> Elsberry <input checked="" type="checkbox"/> Foley <input type="checkbox"/> Hawk Point <input checked="" type="checkbox"/> Moscow Mills <input checked="" type="checkbox"/> Old Monroe <input checked="" type="checkbox"/> Sillex <input checked="" type="checkbox"/> Troy <input checked="" type="checkbox"/> Whiteside <input checked="" type="checkbox"/> Winfield <input checked="" type="checkbox"/> Truxton <input type="checkbox"/> Elsberry R-II School <input type="checkbox"/> Sillex R-I School <input type="checkbox"/> Troy R III School <input type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	Many homes do not have a safe place to endure a tornado. Lincoln County has a large percentage of people that live in mobile homes.
Hazard(s) Addressed	Tornadoes and Severe Storms
Action or Project	
Action/Project Number	1.6.1
Action or Project Description	To promote grants and tornado safe rooms
Applicable Goal Statement	Protect the lives and livelihoods of all citizens
Estimated Cost	County; \$5K labor and printing costs. All other jurisdictions, Zero.
Benefits	Reduce loss of life and personal injuries
Plan for Implementation	
Responsible Organization/ Department	Lincoln County Emergency Management Director
Action/Project Priority	Low
Timeline for Completion	Continuing
Potential Funding Sources	Local funds, Government programs & private funding
Local Planning Mechanisms to be used in Implementation, if any	Public outreach, Coop plans
Progress Report	
Action Status	Complete/Sustainment
Report of Progress	FEMA grants were used to provide tornado safe rooms in Troy High school, middle school and Truxton fire station. Mobile homes are a major concern as people have no where to go in the event of severe weather. Will continue to promote FEMA grants and tornado safe rooms. Will continue to encourage Coop templates.

Goal 1	Protect the lives and livelihoods of all citizens
Action 1.6.2	Encourage up to date commercial/industrial disaster plans that are coordinated with county/city disaster plans
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input checked="" type="checkbox"/> Chain Of Rocks <input checked="" type="checkbox"/> Fountain N Lakes <input checked="" type="checkbox"/> Elsberry <input checked="" type="checkbox"/> Foley <input checked="" type="checkbox"/> Hawk Point <input checked="" type="checkbox"/> Moscow Mills <input checked="" type="checkbox"/> Old Monroe <input checked="" type="checkbox"/> Silex <input checked="" type="checkbox"/> Troy <input checked="" type="checkbox"/> Whiteside <input checked="" type="checkbox"/> Winfield <input checked="" type="checkbox"/> Truxton <input type="checkbox"/> Elsberry R-II School <input type="checkbox"/> Silex R-I School <input type="checkbox"/> Troy R III School <input type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	Many commercial and industrial plants have no disaster plans and business continuity plans.
Hazard(s) Addressed	All hazards
Action or Project	
Action/Project Number	1.6.2
Action or Project Description	Awareness of disaster plans
Applicable Goal Statement	Protect the lives and livelihoods of all citizens
Estimated Cost	Little or no additional cost to jurisdictions.
Benefits	Reduces risk of revenue stream loss/tax loss for businesses and loss of income for employees
Plan for Implementation	
Responsible Organization/ Department	Lincoln County Emergency Management Director
Action/Project Priority	Medium
Timeline for Completion	5 years
Potential Funding Sources	Local funds, Government programs
Local Planning Mechanisms to be used in Implementation, if any	Coop templates, ICS training for large businesses
Progress Report	
Action Status	Continuing
Report of Progress	Working with COAD and faith based initiatives with community outreach and with coop templates. Continue to train private businesses for integration into ICS structure. EMA has all major business plans for a hazardous release.

Goal 1	Protect the lives and livelihoods of all citizens
Action 1.6.3	Encourage operation and infrastructure backup systems for commercial and industrial businesses.
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input checked="" type="checkbox"/> Chain Of Rocks <input checked="" type="checkbox"/> Fountain N Lakes <input checked="" type="checkbox"/> Elsberry <input checked="" type="checkbox"/> Foley <input checked="" type="checkbox"/> Hawk Point <input checked="" type="checkbox"/> Moscow Mills <input checked="" type="checkbox"/> Old Monroe <input checked="" type="checkbox"/> Silex <input checked="" type="checkbox"/> Troy <input checked="" type="checkbox"/> Whiteside <input checked="" type="checkbox"/> Winfield <input checked="" type="checkbox"/> Truxton <input type="checkbox"/> Elsberry R-II School <input type="checkbox"/> Silex R-I School <input type="checkbox"/> Troy R III School <input type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	Many commercial and industrial plants have no disaster plans and business continuity plans.
Hazard(s) Addressed	All hazards
Action or Project	
Action/Project Number	1.6.3
Action or Project Description	Make businesses aware of the importance of disaster planning and business continuity
Applicable Goal Statement	Protect the lives and livelihoods of all citizens
Estimated Cost	Little or no additional cost to jurisdictions.
Benefits	Reduces risk of revenue stream loss/tax loss for businesses and loss of income for employees
Plan for Implementation	
Responsible Organization/ Department	Lincoln County Emergency Management Director
Action/Project Priority	Medium
Timeline for Completion	5 years
Potential Funding Sources	Local funds, Government programs
Local Planning Mechanisms to be used in Implementation, if any	Coop templates
Progress Report	
Action Status	Continuing
Report of Progress	Currently encouraging businesses to develop business continuity plans. Churches have safety plans in place. Working with COAD organizations for community outreach with Coop templates.

Goal 1	Protect the lives and livelihoods of all citizens
Action 1.7.1	Maintain inventory of special needs population, equipment & ADA shelters
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input checked="" type="checkbox"/> Chain Of Rocks <input checked="" type="checkbox"/> Fountain N Lakes <input checked="" type="checkbox"/> Elsberry <input checked="" type="checkbox"/> Foley <input checked="" type="checkbox"/> Hawk Point <input checked="" type="checkbox"/> Moscow Mills <input checked="" type="checkbox"/> Old Monroe <input checked="" type="checkbox"/> Silex <input checked="" type="checkbox"/> Troy <input checked="" type="checkbox"/> Whiteside <input checked="" type="checkbox"/> Winfield <input checked="" type="checkbox"/> Truxton <input type="checkbox"/> Elsberry R-II School <input type="checkbox"/> Silex R-I School <input type="checkbox"/> Troy R III School <input type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	A significant segment of the county's population has special needs that are not addressed fully
Hazard(s) Addressed	All hazards
Action or Project	
Action/Project Number	1.7.1
Action or Project Description	To identify special needs population within the county
Applicable Goal Statement	Protect the lives and livelihoods of all citizens
Estimated Cost	Lincoln County; \$5,000 for labor & materials. Zero cost for other jurisdictions.
Benefits	Reduce loss of life, personal injury and property damage
Plan for Implementation	
Responsible Organization/ Department	Lincoln County EMA, Health department, Red Cross, EMS, Dispatch, DHSS
Action/Project Priority	Low
Timeline for Completion	3 years
Potential Funding Sources	Local funds, Government programs & private funding
Local Planning Mechanisms to be used in Implementation, if any	Dispatch database, Red Cross database, STARS database
Progress Report	
Action Status	Continuing
Report of Progress	Emergency dispatch maintains a small database of self identified persons. Working on strategies to concentrate on protecting schools, hospitals, and other known facilities housing large number of special needs.

Goal 1	Protect the lives and livelihoods of all citizens
Action 1.7.2	Enhance warning systems and notifications for special populations
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input checked="" type="checkbox"/> Chain Of Rocks <input checked="" type="checkbox"/> Fountain N Lakes <input checked="" type="checkbox"/> Elsberry <input checked="" type="checkbox"/> Foley <input type="checkbox"/> Hawk Point <input checked="" type="checkbox"/> Moscow Mills <input checked="" type="checkbox"/> Old Monroe <input checked="" type="checkbox"/> Sillex <input checked="" type="checkbox"/> Troy <input checked="" type="checkbox"/> Whiteside <input checked="" type="checkbox"/> Winfield <input checked="" type="checkbox"/> Truxton <input type="checkbox"/> Elsberry R-II School <input type="checkbox"/> Sillex R-I School <input type="checkbox"/> Troy R III School <input type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	There is lack of early warning for special needs facilities
Hazard(s) Addressed	All hazards
Action or Project	
Action/Project Number	1.7.2
Action or Project Description	Develop an early warning system for special needs facilities
Applicable Goal Statement	Protect the lives and livelihoods of all citizens
Estimated Cost	County; Included in cost of NIXLE at \$9,000 per year. No additional cost to other jurisdictions.
Benefits	Reduce loss of life and personal injury.
Plan for Implementation	
Responsible Organization/ Department	Lincoln County EMA, Health department, Red Cross, EMS, Dispatch, DHSS
Action/Project Priority	Medium
Timeline for Completion	Continuing
Potential Funding Sources	Local funds, Government programs & private funding
Local Planning Mechanisms to be used in Implementation, if any	Lincoln County EOP, Nixle for communication
Progress Report	
Action Status	Continuing
Report of Progress	NIXLE serves as a countywide alert system that alerts unincorporated Lincoln County to weather events & emergency hazards.

Goal 1	Protect the lives and livelihoods of all citizens
Action 1.7.3	Provide shelter homes in case of emergency
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input checked="" type="checkbox"/> Chain Of Rocks <input checked="" type="checkbox"/> Fountain N Lakes <input checked="" type="checkbox"/> Elsberry <input checked="" type="checkbox"/> Foley <input checked="" type="checkbox"/> Hawk Point <input checked="" type="checkbox"/> Moscow Mills <input checked="" type="checkbox"/> Old Monroe <input checked="" type="checkbox"/> Silex <input checked="" type="checkbox"/> Troy <input checked="" type="checkbox"/> Whiteside <input checked="" type="checkbox"/> Winfield <input checked="" type="checkbox"/> Truxton <input checked="" type="checkbox"/> Elsberry R-II School <input checked="" type="checkbox"/> Silex R-I School <input checked="" type="checkbox"/> Troy R III School <input checked="" type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	Lack of shelters for special needs population
Hazard(s) Addressed	All hazards
Action or Project	
Action/Project Number	1.7.3
Action or Project Description	Establish sheltering facilities for special needs population
Applicable Goal Statement	Protect the lives and livelihoods of all citizens
Estimated Cost	County; \$500/year to maintain the shelter inventory. Zero additional cost for jurisdictions.
Benefits	Reduces loss of life and personal injury
Plan for Implementation	
Responsible Organization/ Department	Lincoln County EMA, Health department, Red Cross, EMS, Dispatch, DHSS
Action/Project Priority	Low
Timeline for Completion	Continuing
Potential Funding Sources	Local funds, Government programs & private funding
Local Planning Mechanisms to be used in Implementation, if any	Lincoln County EOP
Progress Report	
Action Status	Complete/Sustainment
Report of Progress	There are issues unincorporated areas. Plan to consider making new mobile home parks build storm shelters for residents

Goal 1	Protect the lives and livelihoods of all citizens
Action 1.7.4	Identify community health disparities and their effects on post disaster population health i.e. access to care, messaging, translation services, mental/ behavioral health services.
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input checked="" type="checkbox"/> Chain Of Rocks <input checked="" type="checkbox"/> Fountain N Lakes <input checked="" type="checkbox"/> Elsberry <input checked="" type="checkbox"/> Foley <input checked="" type="checkbox"/> Hawk Point <input checked="" type="checkbox"/> Moscow Mills <input checked="" type="checkbox"/> Old Monroe <input checked="" type="checkbox"/> Sillex <input checked="" type="checkbox"/> Troy <input checked="" type="checkbox"/> Whiteside <input checked="" type="checkbox"/> Winfield <input checked="" type="checkbox"/> Truxton <input type="checkbox"/> Elsberry R-II School <input type="checkbox"/> Sillex R-I School <input type="checkbox"/> Troy R III School <input type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	Lack of post disaster healthcare
Hazard(s) Addressed	All hazards
Action or Project	
Action/Project Number	1.7.4
Action or Project Description	Identify community health disparities and their effects on post disaster population health i.e. access to care, messaging, translation services, mental/ behavioral health services.
Applicable Goal Statement	Protect the lives and livelihoods of all citizens
Estimated Cost	Lincoln County Health Department; \$5,000/year for meetings and collateral. No additional cost for other jurisdictions.
Benefits	Post disaster care
Plan for Implementation	
Responsible Organization/ Department	Lincoln County Health Department
Action/Project Priority	High
Timeline for Completion	New
Potential Funding Sources	Local funds, Government programs, MRC funding
Local Planning Mechanisms to be used in Implementation, if any	Lincoln County Health Department emergency plans
Progress Report	
Action Status	New
Report of Progress	New Action as of this plan update

Goal 1	Protect the lives and livelihoods of all citizens
Action 1.8.1	Utilize county road right of ways as firebreaks and snow storage
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input checked="" type="checkbox"/> Chain Of Rocks <input checked="" type="checkbox"/> Fountain N Lakes <input checked="" type="checkbox"/> Elsberry <input checked="" type="checkbox"/> Foley <input checked="" type="checkbox"/> Hawk Point <input checked="" type="checkbox"/> Moscow Mills <input checked="" type="checkbox"/> Old Monroe <input checked="" type="checkbox"/> Sillex <input checked="" type="checkbox"/> Troy <input checked="" type="checkbox"/> Whiteside <input checked="" type="checkbox"/> Winfield <input checked="" type="checkbox"/> Truxton <input type="checkbox"/> Elsberry R-II School <input type="checkbox"/> Sillex R-I School <input type="checkbox"/> Troy R III School <input type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	Reduce distrupction to transportation due to hazard events
Hazard(s) Addressed	Heavy snow, wildfires
Action or Project	
Action/Project Number	1.8.1
Action or Project Description	Evaluate use of highway right of way as fire break and snow containment area
Applicable Goal Statement	Protect the lives and livelihoods of all citizens
Estimated Cost	Little or no cost to any jurisdiction.
Benefits	Reduces likelihood of transportation disruptions
Plan for Implementation	
Responsible Organization/ Department	Lincoln County Commissioners, Boards of Aldermen of all jurisdictions listed above.
Action/Project Priority	Low
Timeline for Completion	Continuing
Potential Funding Sources	Local funds, Government programs & private funding
Local Planning Mechanisms to be used in Implementation, if any	County EOP, County roads and bridges plans & procedures
Progress Report	
Action Status	Continuing
Report of Progress	Developed maps for distribution that show emergency ingress and egress routes for most vulnerable areas and prioritizing those of mose importance

Goal 1	Protect the lives and livelihoods of all citizens
Action 1.8.2	Maintain an inventory of vulnerable infrastructure
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input checked="" type="checkbox"/> Chain Of Rocks <input checked="" type="checkbox"/> Fountain N Lakes <input checked="" type="checkbox"/> Elsberry <input checked="" type="checkbox"/> Foley <input checked="" type="checkbox"/> Hawk Point <input checked="" type="checkbox"/> Moscow Mills <input checked="" type="checkbox"/> Old Monroe <input checked="" type="checkbox"/> Silex <input checked="" type="checkbox"/> Troy <input checked="" type="checkbox"/> Whiteside <input checked="" type="checkbox"/> Winfield <input checked="" type="checkbox"/> Truxton <input type="checkbox"/> Elsberry R-II School <input type="checkbox"/> Silex R-I School <input type="checkbox"/> Troy R III School <input type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	There is low awareness of the number and vulnerability of infrastructure
Hazard(s) Addressed	All hazards
Action or Project	
Action/Project Number	1.8.2
Action or Project Description	To identify critical infrastructure
Applicable Goal Statement	Protect the lives and livelihoods of all citizens
Estimated Cost	Lincoln; Approximately \$30K per year for additional staff to compile and maintain inventory. No additional cost for other jurisdictions.
Benefits	Reduce loss of life, personal injury, property damage, and increases readiness of emergency responders
Plan for Implementation	
Responsible Organization/ Department	Lincoln County EMA, Lincoln County Commission
Action/Project Priority	Low
Timeline for Completion	Continuing
Potential Funding Sources	Local funds, Government programs & private funding
Local Planning Mechanisms to be used in Implementation, if any	Lincoln County EOP
Progress Report	
Action Status	Complete/Sustainment
Report of Progress	County & Cities continue to inventory vulnerable structures. A complete inventory will be prioritized & incorporated into LC EOP.

Goal 1	Protect the lives and livelihoods of all citizens
Action 1.8.3	Maintain an inventory of traffic incidents
	<input checked="" type="checkbox"/> Lincoln County <input checked="" type="checkbox"/> Chain Of Rocks <input checked="" type="checkbox"/> Fountain N Lakes <input checked="" type="checkbox"/> Elsberry <input checked="" type="checkbox"/> Foley <input checked="" type="checkbox"/> Hawk Point <input checked="" type="checkbox"/> Moscow Mills <input checked="" type="checkbox"/> Old Monroe <input checked="" type="checkbox"/> Silex <input checked="" type="checkbox"/> Troy <input checked="" type="checkbox"/> Whiteside <input checked="" type="checkbox"/> Winfield <input checked="" type="checkbox"/> Truxton <input type="checkbox"/> Elsberry R-II School <input type="checkbox"/> Silex R-I School <input type="checkbox"/> Troy R III School <input type="checkbox"/> Winfield R IV School
Jurisdiction	
Risk/Vulnerability	
Problem being mitigated	High risk of accidents on roadways
Hazard(s) Addressed	Transportation, Utility interruptions and power failures
Action or Project	
Action/Project Number	1.8.3
Action or Project Description	Identify high risk sections of roadways and determine how to mitigate the risk
Applicable Goal Statement	Protect the lives and livelihoods of all citizens
Estimated Cost	County; \$9,000/year labor & materials. No additional cost to other jurisdictions.
Benefits	Reduce loss of life, property damage, and transportation/utility disruption
Plan for Implementation	
Responsible Organization/ Department	MoDOT, Missouri Highway Patrol, Dispatch
Action/Project Priority	Medium
Timeline for Completion	3 years
Potential Funding Sources	Local funds, Government programs & private funding, MoDOT funds
Local Planning Mechanisms to be used in Implementation, if any	Trasnpotation Advisory Committee (TAC) needs list, Regional Transportation Plan
Progress Report	
Action Status	Complete/Sustainment
Report of Progress	The high risk areas were identified and presented to local jurisdictions and Regional Transportation Advisory Committee. Some of the presented risk areas were considered for remediation. Due to lack of funds most of the high risk areas will not be addressed. However, some were included to the TAC project list.

Goal 2	Manage growth through sustainable principle and practices
Action 2.1.1	Institute or strengthen regulations to reduce stormwater runoff
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input checked="" type="checkbox"/> Chain Of Rocks <input checked="" type="checkbox"/> Fountain N Lakes <input checked="" type="checkbox"/> Elsberry <input checked="" type="checkbox"/> Foley <input checked="" type="checkbox"/> Hawk Point <input type="checkbox"/> Moscow Mills <input checked="" type="checkbox"/> Old Monroe <input checked="" type="checkbox"/> Silex <input checked="" type="checkbox"/> Troy <input checked="" type="checkbox"/> Whiteside <input checked="" type="checkbox"/> Winfield <input checked="" type="checkbox"/> Truxton <input type="checkbox"/> Elsberry R-II School <input type="checkbox"/> Silex R-I School <input type="checkbox"/> Troy R III School <input type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	During times of drought, farmers lose valuable cash crops
Hazard(s) Addressed	Drought
Action or Project	
Action/Project Number	2.1.1
Action or Project Description	Encourage drought resistant programs including programs that provide for storm water retention ponds
Applicable Goal Statement	Manage growth through sustainable principle and practices
Estimated Cost	Lincoln County; \$5,000 for labor & materials. Zero cost to other jurisdictions.
Benefits	Reduce loss of crops and dependance on ground water
Plan for Implementation	
Responsible Organization/ Department	Lincoln County EMA, University Extension Service, DNR, USDA
Action/Project Priority	Low
Timeline for Completion	Continuing
Potential Funding Sources	Local funds, Government programs & private funding
Local Planning Mechanisms to be used in Implementation, if any	Mo DNR regulations, City stormwater plans, USDA regulations
Progress Report	
Action Status	Complete/Sustainment
Report of Progress	County works with Missouri Extension, Missouri Department of Agriculture, USDA and local farm bureaus on promoting best agricultural practices

Goal 2	Manage growth through sustainable principle and practices
Action 2.1.2	Encourage best practices for drought-resistant farming and ranching
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input type="checkbox"/> Chain Of Rocks <input type="checkbox"/> Fountain N Lakes <input type="checkbox"/> Elsberry <input type="checkbox"/> Foley <input type="checkbox"/> Hawk Point <input type="checkbox"/> Moscow Mills <input type="checkbox"/> Old Monroe <input type="checkbox"/> Silex <input type="checkbox"/> Troy <input type="checkbox"/> Whiteside <input type="checkbox"/> Winfield <input type="checkbox"/> Truxton <input type="checkbox"/> Elsberry R-II School <input type="checkbox"/> Silex R-I School <input type="checkbox"/> Troy R III School <input type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	During times of drought, farmers lose valuable cash crops
Hazard(s) Addressed	Drought
Action or Project	
Action/Project Number	2.1.2
Action or Project Description	Encourage drought resistant programs
Applicable Goal Statement	Manage growth through sustainable principle and practices
Estimated Cost	Lincoln County; \$5,000 for labor & materials. Zero cost to other jurisdictions.
Benefits	Reduce loss of crops and dependance on ground water
Plan for Implementation	
Responsible Organization/ Department	Lincoln County Health Department, County EMD, USDA, MO Extension
Action/Project Priority	Low
Timeline for Completion	Continuing
Potential Funding Sources	Local funds, Government programs & private funding
Local Planning Mechanisms to be used in Implementation, if any	MoDNR regulations, USDA regulations
Progress Report	
Action Status	Continuing
Report of Progress	County works with Missouri Extension, Missouri Department of Agriculture, USDA and local farm bureaus on promoting best agricultural practices

Goal 2	Manage growth through sustainable principle and practices
Action 2.1.3	Institute a land use plan and reinstate zoning ordinances
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input checked="" type="checkbox"/> Chain Of Rocks <input checked="" type="checkbox"/> Fountain N Lakes <input checked="" type="checkbox"/> Elsberry <input checked="" type="checkbox"/> Foley <input checked="" type="checkbox"/> Hawk Point <input checked="" type="checkbox"/> Moscow Mills <input checked="" type="checkbox"/> Old Monroe <input checked="" type="checkbox"/> Silex <input checked="" type="checkbox"/> Troy <input checked="" type="checkbox"/> Whiteside <input checked="" type="checkbox"/> Winfield <input checked="" type="checkbox"/> Truxton <input type="checkbox"/> Elsberry R-II School <input type="checkbox"/> Silex R-I School <input type="checkbox"/> Troy R III School <input type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	There is no enforcement capability of any land use without planning and zoning
Hazard(s) Addressed	All hazards
Action or Project	
Action/Project Number	2.1.3
Action or Project Description	Form a citizens committee to investigate a plan to implement planning and zoning
Applicable Goal Statement	Manage growth through sustainable principle and practices
Estimated Cost	County; \$5,000 for labor & materials. No additional cost to jurisdictions.
Benefits	Reduces loss of life, personal injury and property damage
Plan for Implementation	
Responsible Organization/ Department	County Commissioners, Boards of Aldermen of each participating municipal jurisdiction, Lincoln Economic Development
Action/Project Priority	Low
Timeline for Completion	NA
Potential Funding Sources	Local funds, Government programs & private funding
Local Planning Mechanisms to be used in Implementation, if any	Planning and zoning ordinance
Progress Report	
Action Status	No action within the county. Continuing in cities with planning & zoning
Report of Progress	There is no planning & zoning in the county. Until such time the county incorporates planning & zoning, this action plan will remain as "no action" status

Goal 2	Manage growth through sustainable principle and practices
Action 2.2.1	Promote building codes in incorporated areas that currently do not have such regulations
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input type="checkbox"/> Chain Of Rocks <input type="checkbox"/> Elsberry <input type="checkbox"/> Foley <input type="checkbox"/> Hawk Point <input type="checkbox"/> Moscow Mills <input type="checkbox"/> Old Monroe <input type="checkbox"/> Sillex <input type="checkbox"/> Troy <input type="checkbox"/> Whiteside <input type="checkbox"/> Winfield <input type="checkbox"/> Truxton <input type="checkbox"/> Elsberry R-II School <input type="checkbox"/> Sillex R-I School <input type="checkbox"/> Troy R III School <input type="checkbox"/> Fountain N Lakes
Risk/Vulnerability	
Problem being mitigated	Unregulated construction is more likely to sustain damage from hazards listed below
Hazard(s) Addressed	Earthquake, Wildfires, Highwinds and Thunderstorms, Tornadoes, Floods
Action or Project	
Action/Project Number	2.2.1
Action or Project Description	To encourage adoption of building codes in unincorporated areas through joint communication efforts with local fire departments
Applicable Goal Statement	Manage growth through sustainable principle and practices
Estimated Cost	Lincoln County; \$7,000/year for labor & materials. Zero cost for additional jurisdictions.
Benefits	Reduce damage from earthquake, wildfires, highwinds and thunderstorms
Plan for Implementation	
Responsible Organization/ Department	County Commissioners, Lincoln County economic development
Action/Project Priority	Low
Timeline for Completion	NA
Potential Funding Sources	Local funds, Government programs
Local Planning Mechanisms to be used in Implementation, if any	Planning and zoning regulations
Progress Report	
Action Status	No action within the county. Continuing in cities with planning & zoning
Report of Progress	There is no planning & zoning in the county. Until such time the county incorporates planning & zoning, this action plan will remain as "no action" status

Goal 2	Manage growth through sustainable principle and practices
Action 2.2.2	Implement measures to increase the county's CRS status
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input type="checkbox"/> Chain Of Rocks <input type="checkbox"/> Fountain N Lakes <input checked="" type="checkbox"/> Elsberry <input checked="" type="checkbox"/> Foley <input type="checkbox"/> Hawk Point <input checked="" type="checkbox"/> Moscow Mills <input checked="" type="checkbox"/> Old Monroe <input checked="" type="checkbox"/> Sillex <input checked="" type="checkbox"/> Troy <input type="checkbox"/> Whiteside <input checked="" type="checkbox"/> Winfield <input type="checkbox"/> Truxton <input type="checkbox"/> Elsberry R-II School <input type="checkbox"/> Sillex R-I School <input type="checkbox"/> Troy R III School <input type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	Reduce the high cost of property loss due to floods
Hazard(s) Addressed	Floods
Action or Project	
Action/Project Number	2.2.2
Action or Project Description	Increase City and County CRS scores to qualify for lower flood insurance
Applicable Goal Statement	Manage growth through sustainable principle and practices
Estimated Cost	\$10,000/year for labor & materials split proportionately between cities and county.
Benefits	Up to 45% lower flood insurance rates for residents in designated Special Flood Hazard Areas, up to 10% for non-Special Flood Hazard Areas.
Plan for Implementation	
Responsible Organization/ Department	County Floodplain manager, Lincoln County EMA, Boards of Aldermen of above listed jurisdictions.
Action/Project Priority	Low
Timeline for Completion	3 years
Potential Funding Sources	Local funds, Government programs & private funding
Local Planning Mechanisms to be used in Implementation, if any	Floodplain database, Floodplain procedure guide, Lincoln County EOP
Progress Report	
Action Status	Continuing
Report of Progress	The county plans to pursue CRS status in the next year.

Goal 2	Manage growth through sustainable principle and practices
Action 2.2.3	Encourage open space in new developments
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input checked="" type="checkbox"/> Chain Of Rocks <input checked="" type="checkbox"/> Fountain N Lakes <input checked="" type="checkbox"/> Elsberry <input checked="" type="checkbox"/> Foley <input checked="" type="checkbox"/> Hawk Point <input checked="" type="checkbox"/> Moscow Mills <input checked="" type="checkbox"/> Old Monroe <input checked="" type="checkbox"/> Silex <input checked="" type="checkbox"/> Troy <input checked="" type="checkbox"/> Whiteside <input checked="" type="checkbox"/> Winfield <input checked="" type="checkbox"/> Truxton <input type="checkbox"/> Elsberry R-II School <input type="checkbox"/> Silex R-I School <input type="checkbox"/> Troy R III School <input type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	There is no enforcement capability of any land use without planning and zoning
Hazard(s) Addressed	All hazards
Action or Project	
Action/Project Number	2.2.3
Action or Project Description	Form a citizens committee to investigate a plan to implement planning and zoning
Applicable Goal Statement	Manage growth through sustainable principle and practices
Estimated Cost	Lincoln County; \$5,000/year labor and materials
Benefits	Reduces loss of life, personal injury and property damage
Plan for Implementation	
Responsible Organization/ Department	County Commissioners, Lincoln County Economic Development
Action/Project Priority	Low
Timeline for Completion	NA
Potential Funding Sources	Local funds, Government programs
Local Planning Mechanisms to be used in Implementation, if any	Planning and Zoning regulations
Progress Report	
Action Status	No action within the county. Continuing in cities with planning & zoning
Report of Progress	There is no planning & zoning in the county. Until such time the county incorporates planning & zoning, this action plan will remain as "no action" status

Goal 2	Manage growth through sustainable principle and practices
Action 2.2.3	Resolve any existing environmental conflicts and take steps to prevent future conflicts.
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input checked="" type="checkbox"/> Chain Of Rocks <input checked="" type="checkbox"/> Fountain N Lakes <input checked="" type="checkbox"/> Elsberry <input checked="" type="checkbox"/> Foley <input checked="" type="checkbox"/> Hawk Point <input checked="" type="checkbox"/> Moscow Mills <input checked="" type="checkbox"/> Old Monroe <input checked="" type="checkbox"/> Silex <input checked="" type="checkbox"/> Troy <input checked="" type="checkbox"/> Whiteside <input checked="" type="checkbox"/> Winfield <input checked="" type="checkbox"/> Truxton <input type="checkbox"/> Elsberry R-II School <input type="checkbox"/> Silex R-I School <input type="checkbox"/> Troy R III School <input type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	There is no enforcement capability of any land use without planning and zoning
Hazard(s) Addressed	All hazards
Action or Project	
Action/Project Number	2.2.4
Action or Project Description	Form a citizens committee to investigate a plan to implement planning and zoning
Applicable Goal Statement	Manage growth through sustainable principle and practices
Estimated Cost	No additional cost for any jurisdiction
Benefits	Reduces loss of life, personal injury and property damage
Plan for Implementation	
Responsible Organization/ Department	County Commissioners, Lincoln County Economic Development
Action/Project Priority	Low
Timeline for Completion	NA
Potential Funding Sources	Local funds, Government programs & private funding
Local Planning Mechanisms to be used in Implementation, if any	Planning and Zoning regulations, DNR & Corps Regulations
Progress Report	
Action Status	No action within the county. Continuing in cities with planning & zoning
Report of Progress	There is no planning & zoning in the county. Until such time the county incorporates planning & zoning, this action plan will remain as "no action" status. Health Department enforces environmental sanitation ordinances even in floodplain.

Goal 3	Ensure continued operation of government and emergency functions in a disaster
Action 3.1.1	Review emergency access routes and evacuation routes and mitigate any problem areas
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input checked="" type="checkbox"/> Chain Of Rocks <input checked="" type="checkbox"/> Fountain N Lakes <input checked="" type="checkbox"/> Elsberry <input checked="" type="checkbox"/> Foley <input checked="" type="checkbox"/> Hawk Point <input checked="" type="checkbox"/> Moscow Mills <input checked="" type="checkbox"/> Old Monroe <input checked="" type="checkbox"/> Silex <input checked="" type="checkbox"/> Troy <input checked="" type="checkbox"/> Whiteside <input checked="" type="checkbox"/> Winfield <input checked="" type="checkbox"/> Truxton <input checked="" type="checkbox"/> Elsberry R-II School <input checked="" type="checkbox"/> Silex R-I School <input checked="" type="checkbox"/> Troy R III School <input checked="" type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	Emergency evacuation routes maybe blocked during emergencies
Hazard(s) Addressed	All hazards
Action or Project	
Action/Project Number	3.1.1 (Old 3.1.1 is deleted)
Action or Project Description	Identify potential blockages and work with local authorities
Applicable Goal Statement	Ensure continued operation of government and emergency functions in a disaster
Estimated Cost	County; \$5,000/year for labor & materials. Zero cost for other jurisdictions.
Benefits	Reduce likelihood of transportation disruptions during emergency egress
Plan for Implementation	
Responsible Organization/ Department	LC EMA, Participating school district superintendents, Lincoln County Fire Protection District, Lincoln County Sheriff.
Action/Project Priority	Low
Timeline for Completion	Continuing
Potential Funding Sources	Local funds, Government programs & private funding
Local Planning Mechanisms to be used in Implementation, if any	County EOP
Progress Report	
Action Status	Continuing
Report of Progress	Continually review routes, develop and prioritize route maps

Goal 3	Ensure continued operation of government and emergency functions in a disaster
Action 3.1.2	Support periodic inspections of the dams
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input type="checkbox"/> Chain Of Rocks <input checked="" type="checkbox"/> Fountain N Lakes <input checked="" type="checkbox"/> Elsberry <input type="checkbox"/> Foley <input type="checkbox"/> Hawk Point <input checked="" type="checkbox"/> Moscow Mills <input checked="" type="checkbox"/> Old Monroe <input type="checkbox"/> Sillex <input checked="" type="checkbox"/> Troy <input checked="" type="checkbox"/> Whiteside <input checked="" type="checkbox"/> Winfield <input type="checkbox"/> Truxton <input type="checkbox"/> Elsberry R-II School <input type="checkbox"/> Sillex R-I School <input type="checkbox"/> Troy R III School <input type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	Possibility of dam breach
Hazard(s) Addressed	Dam failure
Action or Project	
Action/Project Number	3.1.2
Action or Project Description	Mitigate possibility pf dam failure and breaching
Applicable Goal Statement	Ensure continued operation of government and emergency functions in a disaster
Estimated Cost	County; \$5,000/year for labor & materials. Zero cost for other jurisdictions.
Benefits	Reduces loss of life, personal injury and property damage
Responsible Organization/ Department	EMD, DNR, Corps regulations
Action/Project Priority	Low
Timeline for Completion	Continuing
Potential Funding Sources	Local funds, Government programs & private funding
Local Planning Mechanisms to be used in Implementation, if any	Corps regulations, DNR regulations, LC EOP
Progress Report	
Action Status	Continuing
Report of Progress	Encourage dam emergency operations plan from DNR/Corps to EMA. Continue to include dam failure in LC EOP.

Goal 3	Ensure continued operation of government and emergency functions in a disaster
Action 3.1.3	Maintain an inventory of levees in the county
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input type="checkbox"/> Chain Of Rocks <input type="checkbox"/> Fountain N Lakes <input type="checkbox"/> Elsberry <input type="checkbox"/> Foley <input type="checkbox"/> Hawk Point <input type="checkbox"/> Moscow Mills <input type="checkbox"/> Old Monroe <input type="checkbox"/> Silex <input type="checkbox"/> Troy <input type="checkbox"/> Whiteside <input type="checkbox"/> Winfield <input type="checkbox"/> Truxton <input type="checkbox"/> Elsberry R-II School <input type="checkbox"/> Silex R-I School <input type="checkbox"/> Troy R III School <input type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	Flooding due to levee failure
Hazard(s) Addressed	Levee failure
Action or Project	
Action/Project Number	3.1.3
Action or Project Description	Inventory levees in the county
Applicable Goal Statement	Ensure continued operation of government and emergency functions in a disaster
Estimated Cost	County; \$5000/year labor & materials. Zero cost for other participating jurisdictions.
Benefits	Increases readiness, reduces likelihood of levee failure
Plan for Implementation	
Responsible Organization/ Department	County EMA, Floodplain Manager, All eleven county Levee Districts
Action/Project Priority	Medium
Timeline for Completion	Continuing
Potential Funding Sources	Local funds, Government programs & private funding
Local Planning Mechanisms to be used in Implementation, if any	Levee Emergency Action Plans, County EOP
Progress Report	
Action Status	Complete/Sustain
Report of Progress	County emergency management agency and floodplain manager closely work with levee districts to support the levee emergency action plans. EMA encourages all levees to be involved in the Corp program (2 private, 1 public)

Goal 3	Ensure continued operation of government and emergency functions in a disaster
Action 3.2.1	Identify, review, and implement mechanisms to foster collaboration among jurisdictions, agencies, special districts and private industry
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input checked="" type="checkbox"/> Chain Of Rocks <input checked="" type="checkbox"/> Fountain N Lakes <input checked="" type="checkbox"/> Elsberry <input checked="" type="checkbox"/> Foley <input checked="" type="checkbox"/> Hawk Point <input checked="" type="checkbox"/> Moscow Mills <input checked="" type="checkbox"/> Old Monroe <input checked="" type="checkbox"/> Sillex <input checked="" type="checkbox"/> Troy <input checked="" type="checkbox"/> Whiteside <input checked="" type="checkbox"/> Winfield <input checked="" type="checkbox"/> Truxton <input checked="" type="checkbox"/> Elsberry R-II School <input checked="" type="checkbox"/> Sillex R-I School <input checked="" type="checkbox"/> Troy R III School <input checked="" type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	Ability to respond to disasters is limited to inability to communicate between jurisdictions
Hazard(s) Addressed	All hazards
Action or Project	
Action/Project Number	3.2.1
Action or Project Description	Determine ways to improve communication between jurisdictions
Applicable Goal Statement	Ensure continued operation of government and emergency functions in a disaster
Estimated Cost	County; \$5000/year labor & materials. Zero cost for other jurisdictions.
Benefits	Increase readiness and effectiveness of emergency response
Plan for Implementation	
Responsible Organization/ Department	County EMA, municipal jurisdictions listed above,
Action/Project Priority	Low
Timeline for Completion	Continuing
Potential Funding Sources	Local funds, Government programs & private funding
Local Planning Mechanisms to be used in Implementation, if any	Community outreach events
Progress Report	
Action Status	Complete/Sustainment
Report of Progress	County emergency management agency meets regularly with local jurisdictions to promote collaboration. Increase collaboration & community with local businesses and key stakeholders

Goal 3	Ensure continued operation of government and emergency functions in a disaster
Action 3.2.2	Improve planning, funding, and response coordination
Jurisdiction	<input checked="" type="checkbox"/> Lincoln County <input checked="" type="checkbox"/> Chain Of Rocks <input checked="" type="checkbox"/> Fountain N Lakes <input checked="" type="checkbox"/> Elsberry <input checked="" type="checkbox"/> Foley <input checked="" type="checkbox"/> Hawk Point <input checked="" type="checkbox"/> Moscow Mills <input checked="" type="checkbox"/> Old Monroe <input checked="" type="checkbox"/> Silex <input checked="" type="checkbox"/> Troy <input checked="" type="checkbox"/> Whiteside <input checked="" type="checkbox"/> Winfield <input checked="" type="checkbox"/> Truxton <input checked="" type="checkbox"/> Elsberry R-II School <input checked="" type="checkbox"/> Silex R-I School <input checked="" type="checkbox"/> Troy R III School <input checked="" type="checkbox"/> Winfield R IV School
Risk/Vulnerability	
Problem being mitigated	Ability to respond to disasters
Hazard(s) Addressed	All hazards
Action or Project	
Action/Project Number	3.2.2
Action or Project Description	Determine ways to improve coordination between jurisdictions
Applicable Goal Statement	Ensure continued operation of government and emergency functions in a disaster
Estimated Cost	Zero additional cost
Benefits	Increase readiness and effectiveness of emergency reponse
Plan for Implementation	
Responsible Organization/ Department	County EMA, boards of aldermen of municipal jurisdictions listed above, superintendents of participating school districts listed above.
Action/Project Priority	Low
Timeline for Completion	Continuing
Potential Funding Sources	Local funds, Government programs & private funding
Local Planning Mechanisms to be used in Implementation, if any	Monthly training meetings, monthly stakeholder meetings
Progress Report	
Action Status	Complete/Sustainment
Report of Progress	County works with local jurisdictions and local agencies to identify needs and potential funding sources through grants to improve coordination & communication.

5 PLAN MAINTENANCE PROCESS

5 PLAN MAINTENANCE PROCESS	1
<i>5.1 Monitoring, Evaluating, and Updating the Plan.....</i>	<i>1</i>
5.1.1 Responsibility for Plan Maintenance	1
5.1.2 Plan Maintenance Schedule	1
5.1.3 Plan Maintenance Process.....	2
<i>5.2 Incorporation into Existing Planning Mechanisms.....</i>	<i>3</i>
<i>5.3 Continued Public Involvement.....</i>	<i>3</i>

This chapter provides an overview of the overall strategy for plan maintenance and outlines the method and schedule for monitoring, updating and evaluating the plan. The chapter also discusses incorporating the plan into existing planning mechanisms and how to address continued public involvement.

5.1 Monitoring, Evaluating, and Updating the Plan

44 CFR Requirement 201.6(c)(4): The plan maintenance process shall include a section describing the method and schedule of monitoring, evaluating, and updating the mitigation plan within a five-year cycle.

5.1.1 Responsibility for Plan Maintenance

The Lincoln County Hazard Mitigation Planning Committee (MPC) is not a standing committee, and therefore the responsibility for maintenance of the plan actions is delegated to individuals or entities as indicated in Section 4 of this document. These entities are responsible for seeing that the actions placed into the plan are eventually implemented, if possible, and will be tasked with monitoring, evaluating, and maintaining the plan. BRPC coordinates with the County Emergency Management Director and the participating jurisdictions during the plan maintenance process and will coordinate any meetings that may be required.

5.1.2 Plan Maintenance Schedule

The Lincoln County Emergency Management Director will be responsible for initiating the plan reviews and will invite members of the MPC (or other designated responsible entity) to the meeting as necessary.

In coordination with all participating jurisdictions, a five-year written update of the plan will be submitted to the Missouri State Emergency Management Agency (SEMA) and FEMA Region VII per Requirement §201.6(c)(4)(i) of the Disaster Mitigation Act of 2000, unless disaster or other circumstances (e.g., changing regulations) require a change to this schedule.

5.1.3 Plan Maintenance Process

Progress on the proposed actions can be monitored by evaluating changes in vulnerabilities identified in the plan.

Future 5-year updates to this plan will include the following activities:

- Consideration of changes in vulnerability due to action implementation,
- Documentation of success stories where mitigation efforts have proven effective,
- Documentation of unsuccessful mitigation actions and why the actions were not effective,
- Documentation of previously overlooked hazard events that may have occurred since the previous plan approval,
- Incorporation of new data or studies with information on hazard risks,
- Incorporation of new capabilities or changes in capabilities,
- Incorporation of growth data and changes to inventories, and
- Incorporation of ideas for new actions and changes in action prioritization.

In order to best evaluate any changes in vulnerability as a result of plan implementation, the participating jurisdictions will adopt the following process:

- Each proposed action in the plan identified an individual, office, or agency responsible for action implementation. This entity will track and report on an annual basis to the jurisdictional MPC (or designated responsible entity) member on action status. The entity will provide input on whether the action as implemented meets the defined objectives and is likely to be successful in reducing risk.
- If the action does not meet identified objectives, the jurisdictional MPC (or designated responsible entity) member will determine necessary remedial action, making any required modifications to the plan.

Changes will be made to the plan to remedy actions that have failed or are not considered feasible. Feasibility will be determined after a review of action consistency with established criteria, time frame, community priorities, and/or funding resources. Actions that were not ranked high but were identified as potential mitigation activities will be reviewed as well during the monitoring of this plan. Updating of the plan will be accomplished by written changes and submissions, as the (MPC or designated responsible entity) deems appropriate and necessary. Changes will be approved by the Lincoln County Board of Commissioners and the governing boards of the other participating jurisdictions.

5.2 Incorporation into Existing Planning Mechanisms

44 CFR Requirement §201.6(c)(4)(ii): [The plan shall include a] process by which local governments incorporate the requirements of the mitigation plan into other planning mechanisms such as comprehensive or capital improvement plans, when appropriate.

Where possible, plan participants will use existing plans and/or programs to implement hazard mitigation actions. Based on the capability assessments of the participating jurisdictions, communities in Lincoln County will continue to plan and implement programs to reduce loss of life and property from hazards. This plan builds upon the momentum developed through previous related planning efforts and mitigation programs, and recommends implementing actions, where possible, through the following means:

- Lincoln County Master Plan 2003
- Lincoln County Emergency Operations Plan 2009
- Comprehensive Economic Development Strategy 2014
- Regional Transportation Plan 2009
- Threat and Hazard Identification and Risk Assessment (THIRA) 2016
- Disaster Resistant Jobs Plan

The governing bodies of the jurisdictions adopting this plan will encourage all other relevant planning mechanisms under their authority to consult this plan to ensure minimization of risk to natural hazards as well as coordination of activities.

The Lincoln County EMD and the Boonslick Regional Planning Commission will be responsible for integrating the findings and actions of the mitigation plan, as appropriate.

5.3 Continued Public Involvement

44 CFR Requirement §201.6(c)(4)(iii): [The plan maintenance process shall include a] discussion on how the community will continue public participation in the plan maintenance process.

The hazard mitigation plan update process provides an opportunity to publicize success stories resulting from the plan's implementation and seek additional public comment. Information about the annual reviews will be posted in the local newspaper as well as on the Lincoln County website following each annual review of the mitigation plan. When the MPC reconvenes for the five-year update, it will coordinate with all stakeholders participating in the planning process. Included in this group will be those who joined the MPC after the initial effort, to update and revise the plan. Public notice will be posted and public participation will be actively solicited, at a minimum, through available website postings and press releases to local media outlets, primarily newspapers.

A RESOLUTION OF THE WINFIELD R-IV SCHOOL DISTRICT ADOPTING THE LINCOLN COUNTY ALL-HAZARD MITIGATION PLAN (UPDATED 2016)

WHEREAS the *Winfield R-IV School District* recognizes the threat that natural hazards pose to people and property within the *Winfield R-IV School District*; and

WHEREAS the *Winfield R-IV School District* has participated in the preparation of a multi-hazard mitigation plan, hereby known as the *Lincoln County All-Hazard Mitigation Plan (Updated 2016)*, hereafter referred to as the *Plan*, in accordance with the Disaster Mitigation Act of 2000; and

WHEREAS the *Plan* identifies mitigation goals and actions to reduce or eliminate long-term risk to people and property in the *Winfield R-IV School District* from the impacts of future hazards and disasters; and

WHEREAS the *Winfield R-IV School District* recognizes that land use policies have a major impact on whether people and property are exposed to natural hazards, the *Winfield R-IV School District* will endeavor to integrate the *Plan* into the comprehensive planning process and

WHEREAS adoption by the *Winfield R-IV School District* demonstrates their commitment to hazard mitigation and achieving the goals outlined in the *Plan*

NOW THEREFORE, BE IT RESOLVED BY THE WINFIELD R-IV SCHOOL DISTRICT, in the State of Missouri, THAT:

Section 1. In accordance with the *Winfield R-IV School District, Board of Directors, the Winfield R-IV School District* adopts the *Plan*.

ADOPTED by a vote of 6 in favor and 0 against, and 0 abstaining, this 15 day of November, 2016.

RE: Lincoln County Hazard Mitigation Plan Update

Greetings,

The Missouri State Emergency Management Agency has contracted with Boonslick Regional Planning Commission (BRPC) to update the Natural Hazard Mitigation Plan for Lincoln County including all incorporated municipalities and school districts within the county. The purpose of this plan is to reduce or eliminate long term risk to the people and property of the County from the effects of natural hazard events. This approach will ensure that our local governments remain eligible for all disaster recovery assistance possible. BRPC will

RE: Lincoln County Hazard Mitigation Plan Update

Greetings,

The Missouri State Emergency Management Agency has contracted with Boonslick Regional Planning Commission (BRPC) to update the Natural Hazard Mitigation Plan for Lincoln County including all incorporated municipalities and school districts within the county. The purpose of this plan is to reduce or eliminate long term risk to the people and property of the County from the effects of natural hazard events. This approach will ensure that our local governments remain eligible for all disaster recovery assistance possible. BRPC will facilitate the planning process, collect the necessary data, and perform other technical services, including preparing risk assessment and plan documents. However, BRPC will need your help to successfully complete this project.

The hazard mitigation planning process is heavily dependent on the participation of representatives from local government agencies and departments, the public, and other stakeholder groups. A Hazard Mitigation Planning Committee will be formed to support this project and will include representatives from the county, communities, school districts, and other agencies located in, or serving, Lincoln County.

To remain eligible for future hazard mitigation funds all city and county government and school districts MUST participate in the planning process and formally adopt the plan upon its completion. Your organization's participation on the committee is requested due to your ability to contribute needed information, technical knowledge, or other valuable experience to the plan. If you cannot participate, please designate a representative to serve on the committee and attend the kickoff meeting, which will discuss the benefits of developing a hazard mitigation plan, the project schedule and the hazards that affect Lincoln County. The number of meetings and meeting length will be kept to a minimum to respect your time.

Lincoln County Hazard Mitigation Plan Kickoff Meeting – Lunch will be provided
May 18, 2016 – 11am to 1pm
Lincoln County Fire – Training Room
700 East Cherry St., Troy, MO 63379

Please respond with the name and contact information of the person who will attend the kickoff meeting on behalf of your community by contacting Mark Cunningham via telephone (636) 456-3473 or via e-mail at mcunningham@boonslick.org by May 13, 2016.

Sincerely,

A handwritten signature in black ink that reads 'Emma Epplin-Birdsell'.

Lincoln County Hazard Mitigation Update Planning Begins

The Lincoln County Emergency Management Agency, in association with the Boonslick Regional Planning Commission, is beginning the process of updating the County's Natural Hazard Mitigation Plan. The purpose of the plan is to reduce or eliminate long term risk to the people and property of the County from the effects of natural hazard events. This approach will ensure that the County's local governments remain eligible for all possible disaster recovery assistance. The plan covers all incorporated municipalities and school districts within the County.

Boonslick Regional Planning Commission (BRPC) will facilitate the planning process, collect the necessary data, and perform other technical services, including preparing risk assessment and plan documents. The hazard mitigation planning process is heavily dependent on the participation of representatives from local government agencies and departments, the public, and other stakeholder groups.

A Hazard Mitigation Planning Committee kick-off meeting will be held in the Training Room at the Lincoln County Fire – Training Room, 700 East Cherry Street, Troy; from 11am to 1pm on May 18th. Invitations have been sent to representatives from the county, communities, school districts, and other agencies in or that serve Lincoln County. The general public is invited as well.

To remain eligible for future hazard mitigation funds all city and county government and school districts MUST participate in the planning process and formally adopt the plan upon its completion in late 2016.

Lincoln County Hazard Mitigation Planning Kick-Off Meeting

Wednesday, May 18, 2016

Notice is hereby given that the Boonslick Regional Planning Commission, in association with the Lincoln County Emergency Management Agency, will conduct a kick-off meeting of the Lincoln County Hazard Mitigation Update Plan in the training room of the Lincoln County Fire House, 700 East Cherry Street, Troy, Missouri 63779 on Wednesday, May 18, 2016. The meeting will commence at 11am and end no later than 1pm.

AGENDA

1. Welcome
2. Introduction to Hazard Mitigation Planning Update Process
3. Background of current Plan
4. Requirements and Expectations for the committee
5. Next Meeting

Posted: Monday, May 02, 2016

Welcome to Boonslick Regional Planning Commission!

Job Fair in Lincoln County a Success!

The Division of Workforce Development and Missouri Job Center/Boonslick Regional Planning Commission, along with the Lincoln County Veterans Commission, organized a job fair which took place in Lincoln County on April 14. The event was a success with seventy-two employers in attendance.

Many individuals expressed how pleased they were with the job fair and gave it very positive reviews. While ninety-one job seekers were in attendance, it is hoped that even more will participate in future events as they become aware of the strong participation by area employers.

The Lincoln County Marine Corps League Detachment 1405 opened the job fair with a ceremony to honor veterans. Those in attendance shared their appreciation for the ceremony. Members of the Missouri Chapter of Glory Riders provided assistance in the parking lot. In addition to job opportunities, veterans were also made aware of other resources available to them.

As is always the case with such an event, many organizations and businesses provided a great deal of help and support. Their assistance in making the job fair available for the residents of the region is greatly appreciated. Please see this list of organizations and businesses to which we would like to say "Thank you!"

The Missouri Department of Natural Resources worked with the Region I Solid Waste Management District to identify a site to hold a pesticide collection in Montgomery County. The collection is free for Missouri households and farmers. Pesticides from businesses will not be accepted. Check out this flyer for more information.

Lincoln County Hazard Mitigation Planning

The Lincoln County Emergency Management Agency, in association with Boonslick Regional Planning Commission, is beginning the process of updating the county's Natural Hazard Mitigation Plan. The purpose of the plan is to reduce or eliminate long term risk to the people and property of the county from the effects of natural hazard events. This approach will ensure that the county's local governments remain eligible for all possible disaster recovery assistance.

A Hazard Mitigation Planning Committee kick-off meeting will be held at the Lincoln County Fire – Training Room, 700 East Cherry Street, Troy, from 11am to 1pm on May 18th.

All incorporated municipalities and school districts within the county must participate in the planning process and formally adopt the updated plan. The general public is invited as well.

Public Notice

Title VI Program Update

Boonslick Regional Planning Commission is in the process of publishing a Title VI Program and is seeking public comments and suggestions on the proposed standards. The Title VI Program is based on the requirements of Title VI of the Civil Rights Act of 1964, which provides that "no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program of activity receiving Federal financial assistance." A full copy of the document can be reviewed at 111 Steinhagen Drive, Warrenton, MO 63383.

Written comments on the Title VI Program update should be addressed to Boonslick Regional Planning Commission, Attention Chad Eggen, Executive Director, PO Box 429, 111 Steinhagen, Warrenton, MO 63383 or by email to ceggen@boonslick.org must be received by 4:00 p.m. June 3, 2016.

Boonslick Regional Planning Commission will hold a public Hearing on its Title VI Program on June 7, 2016, at 11:00 a.m. in the BRPC Conference Room, 111 Steinhagen Drive, Warrenton, MO 63383.

FS Leasing – Public Sector Financing Presentation

Terry Luetkemeyer, Donna Martin and Peggy Rodgers of First State Community Bank attended the Boonslick Regional Planning Commission general membership meeting Monday, March 28, 2016. They presented information about lease purchase financing.

A tax-exempt lease-purchase agreement is an installment purchase with an option to purchase for a nominal value. Such leases are available for political subdivisions in the State of Missouri, which includes cities, counties and other government entities. Tax exempt financing is typically utilized for equipment, however, it may also be used for implementation of a specific project, to purchase property or to expand existing facilities. Benefits of using a tax-exempt lease include saving capital dollars for projects when leasing is not an option, improvement of cash flow, and spreading the cost of an asset over its useful life.

If you are interested in more information about FS Leasing, you may contact Peggy Rodgers, president of the Warrenton branch at (636) 456-6176 or Brad Schuster, president of the Wright City branch at (636) 745-3337.

Lincoln County Hazard Mitigation Plan 2017 update

Kickoff Meeting- May 18, 2016

Welcome

Introductions

Background of current plan

Planning process

Review goals/action plans

Next meeting

What is Hazard Mitigation ???

FEMA defines it as “any action taken to eliminate or reduce the long-term risk to human life and property from natural and technological hazards”.

Why Develop a Hazard Mitigation Plan?

- Save lives and protect property
- Preserve and protect an areas’ environment and economy
- Preserve / maintain essential services and quality of life.
- Provide information to citizens, businesses, and officials.
- Project implementation and funding.

Lincoln County Hazard Mitigation Plan

- Eligibility for grant opportunities from SEMA and FEMA, requires **an approved plan**.
- First adopted in **2004**, updated in **2012**

<http://boonslick.org/2011/09/lincoln-county-hazard-mitigation-plan-approved-pending-adoption-status/>

This is the **2017 Update**

- Working on the Draft Plan
- Need Multi-Jurisdictional Participation
- Need Public participation
- Plan must be re-approved by SEMA & FEMA
- Plan must be re-adopted by communities

Projects.....

Floodplain buyouts, improvements to roads and bridges that were prone to flooding, tornado shelters etc.

Lincoln County FEMA assistance projects

- Low water crossings
- Flood buyouts

Participation and Adoption

Objective	Task	Actions	2016 STATUS			
			Complete / Delete	Complete/ Sustainment	Continuing Actions	No Action / Delete
		Goal 1: Protect the lives and livelihoods of all citizens.				
Objective 1.1: Provide sufficient warning systems. Objective 1.2: Decrease the occurrence and impact of flooding.	1.1.1	Encourage people to equip their homes, schools, businesses and public spaces with NOAA weather radios			1.1.1	
	1.2.1	Encourage property owners and occupants in hazard areas to participate in mitigation policy formulation.			1.2.1	
	1.2.2	Target any remaining repetitive flood loss properties for buyout or			1.2.2	
	1.2.3	Promote environmentally-sound watershed and storm water practices to decrease flash flooding.			1.2.3	
	1.2.4	Review and revise flood-fighting plans as needed.			1.2.4	
	1.2.5	Strengthen floodplain regulations as needed.			1.2.5	
Objective 1.3: Increase knowledge of safety measures among employers and the general public.	1.2.6	NFIP- Monitor development in special flood hazard areas to ensure compliance with local flood plain management ordinances. (proposed)		1.2.6		
	1.3.1	Develop hazard area maps and promote use by the public.			1.3.1	
	1.3.2	Identify ways to promote FEMA safety tips and mitigation techniques.			1.3.2	
	1.3.3	To provide earthquake preparedness and safety literature every year in the school districts.		1.3.3		
Objective 1.4: Increase and maintain appropriate emergency equipment.	1.4.1	Review and upgrade policies to identify and budget additional emergency equipment for health and medical services, mass care agencies, and public information.			1.4.1	
	1.5.1	Decrease wildfire risk in areas where development is adjacent to forests or grasslands by incorporating buffer zones into subdivision regulations.			1.5.1	
Objective 1.5: Protect residential structures.	1.5.2	Promote environmentally-sound, fire-resistant materials for homes.			1.5.2	
	1.5.3	Identify existing mechanisms to promote NFIP policies and earthquake/seismic insurance.			1.5.3	
	1.5.4	Utilize FEMA information to encourage residential owners to invest in retrofit techniques			1.5.4	
	1.6.1	Encourage tornado safe rooms in new construction. Suggestions include centralized safe rooms in subdivisions and/or safe rooms incorporated into the design of front porch foundations in new homes.		1.6.1		
	1.6.2	Encourage up-to-date commercial/industrial disaster plans that are coordinated with county/city disaster plans.			1.6.2	
Objective 1.6: Protect large employment and commercial facilities.	1.6.3	Encourage operation and infrastructure backup systems for commercial and industrial businesses.			1.6.3	
	1.7.1	Maintain inventory of special needs population, equipment & ADA shelters.		1.7.1		
	1.7.2	Enhance warning systems and notifications for special populations.		1.7.2		
Objective 1.7: Identify populations with special needs or those who may be more vulnerable to the impacts of disasters or hazard events. Proposed in 2012 plan	1.7.3	Provide shelter homes in case of emergency		1.7.3		
	1.8.1	Utilize County road right of ways as firebreaks and snow storage.			1.8.1	
	1.8.2	Maintain inventory of vulnerable infrastructure.		1.8.2		
Objective 1.8 Reduce the disruption to transportation infrastructure from hazard events, by reducing the vulnerability of transportation infrastructure to hazard events. Proposed in 2012 plan	1.8.3	Maintain an inventory of traffic incidents.		1.8.3		
	Goal 2: Manage growth through sustainable principles and practices					
	2.1.1	Institute or strengthen regulations to reduce stormwater runoff		2.1.1		
Objective 2.1: Reduce and prevent degradation of, or conflicts with, natural resources.	2.1.2	Encourage best practices for drought-resistant farming and ranching		2.1.2		

Appendix B – Meetings and Communications

Objective 2.2: Promote sustainable planning, development, and construction practices.	2.1.3	Institute a land use plan and reinstate zoning ordinances			2.1.3
	2.2.1	Promote building codes in incorporated areas that currently do not have such regulations.			2.2.1
	2.2.2	Implement measures to increase the county's CRS status.		2.2.2	
	2.2.3	Encourage open space in new developments			2.2.3
	2.2.4	Resolve any existing environmental conflicts and take steps to prevent future conflicts.			2.2.4
Goal 3: Ensure continued operation of government and emergency functions in a disaster					
Objective 3.1: Strengthen critical structures and infrastructures.	3.1.1	Review, prioritize, institute and monitor needed upgrades or retrofits for critical buildings and infrastructures.			3.1.1
	3.1.2	Review emergency access routes and evacuation routes and mitigate any problem areas.		3.1.2	
	3.1.3	Support periodic inspections of the dams		3.1.3	
	3.1.4	Maintain an inventory of levees in the County		3.1.4	
Objective 3.2: Strengthen collaboration among relevant jurisdictions.	3.2.1	Identify, review, and implement mechanisms to foster collaboration among jurisdictions, agencies, special districts and private industry.			3.2.1
	3.2.2	Improve planning, funding, and response coordination			3.2.2
